

# THE CANYON NEWS WINS DISTINCTION

## 1942 Winner of the Dallas News Cup

The Canyon News was judged by the Texas Press Association to be the outstanding weekly newspaper in Texas in 1942. This is a distinctive honor and is greatly appreciated by the News. It is a reflection on the fine town and the splendid community which this newspaper serves.

## 1943 Brings National Recognition

The Canyon News was the only weekly newspaper in the world to be honored in the 1942 edition of "Editing the Day's News." This textbook is edited by two of the best known newspaper men in the United States. The Canyon News is highly praised by these editors as an outstanding weekly which serves the community well. Again we say, The Canyon News is highly honored by this distinction, and for the National honor that is given to the county which we serve.

## 1950 Winner of Texas Press Trophies

The Canyon News scored a perfect score in the contests of the Texas Press Association in 1950. The News was judged the Blue Ribbon Weekly newspaper in Texas, bringing distinction to the newspaper and to the town and county which it served.

We are grateful to all citizens of Randall county on this 11th Newspaper Week for their loyal support throughout the years.

Clyde W. Warwick admiring the collection of plaques, ribbons and cup won in 1950 by The Canyon News.

# The News Is a Definite Asset and Resource In Canyon

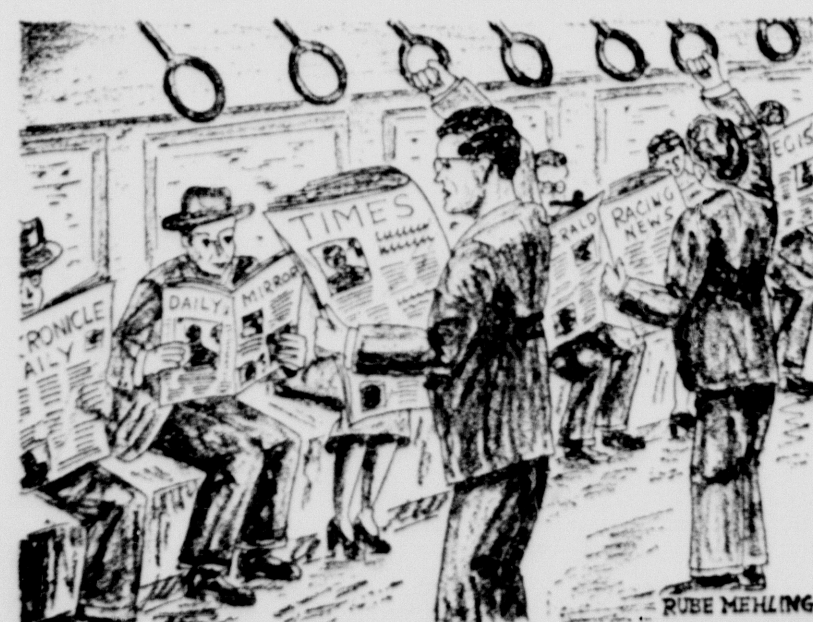

Representing a heavy investment to the owners, and with book value assets running into thousands of dollars, The Canyon News and the Warwick Printing Company are one of Canyon's largest assets.

This firm is a heavy taxpayer, spends thousands of dollars for materials, postage, insurance, lights, power, gas, freight, etc., each year.

A staff of experienced newspaper people are employed in addition to 10 correspondents who are paid regular compensation. More than 30 people are directly interested each week in the production of this newspaper. Every person interested in The Canyon News, spends his money among the business firms of Canyon. Every person connected with The News believes in Canyon and the future of the city.

For 55 years this institution has been working for the upbuilding of Randall county; this newspaper has always been a real asset and resource to the business interests of the community.

The Canyon News is anxious to serve you by rendering better service. Will you assist us?

# The News Has Modern Equipment Far In Access of Today's Needs

The News is noted for the splendid building that is owned, and the superior equipment which is possessed by the newspaper and printing departments. All of the equipment is modern, and is kept in first class repair, ready for service to the patrons. New machinery and printing type are added annually to keep the plant at the highest point of efficiency.

The plant is composed of two Linotypes; an Optimus cylinder press—the finest of its type that is made; three job printing presses, one a Little Giant automatic; one a Kelly automatic press; a book folder; a newspaper folder; power cutter; power stitcher; power punch; perforator; eight cabinets of type with scores of new type faces; and all other kinds of equipment that is needed.

The plant is sufficiently large to produce a daily newspaper when the time arrives to warrant the publication of a daily.

No printing job is too small to merit the attention of this plant; few jobs are too large to be successfully handled here.

Much of the profit of this business is re-invested in this plant in order that we may be of greater service to the people of the community.

*'Freedom Goes Where the Newspaper Goes'*

# THINK Supposing There Wasn't A Newspaper in Canyon

## TO THE SCHOOLS-----

Who would publish the volumes of school items which are important to us, but would be drab and uninteresting to others outside the community. Who would advance and discuss school problems only of interest to the people of the Canyon community?

## TO THE CHURCHES-----

Who would publish the weekly church notices and numberless church articles only of local interest?

## TO THE TAXPAYERS---

Where else can you keep in touch with expenditures of your money, being made in the county, town and school districts? Of course, the law provides for posting notices giving certain of these facts in towns where no newspaper is published; but how many of you would find time to go to a bulletin board to read them?

## TO THE ADVERTISERS-----

Who would advertise the products you have to sell and the services you have to promote? Others have tried to get away without advertising and eventually found the sheriff waiting at the door. Yes, you could use other methods of advertising; but you will find none so effective, because there's no other advertising medium which your potential customers receive because they want it and pay for it.

## TO CLUBS AND SOCIETIES----

Who would publish accounts of these meetings which are so necessary to maintain interest and good will?

## TO THE READERS-----

It is to you the paper means most of all. Where else could you get the full picture of your community life—our joys, our sorrows, our activities, our progress, our pleasures, our social and religious life?

**THERE IS NOTHING TO TAKE THE PLACE OF YOUR HOME TOWN NEWSPAPER!**

**IN CANYON AND RANDALL COUNTY IT IS**

# The Canyon News

These fettered hands! Tragic and yet in the interest of security! One man's strong hands are manacled that the rest of men may have the free use of supple and capable fingers! This man's hands may have as much talent and capability as yours, but they suffered because back of them was an undisciplined heart and mind. Hands have such possibilities of helpfulness or of harm. The hand with the open palm offers kindness and goodwill; the outstretched hand expresses friendship and hearty cooperation or carries our sympathy and aid to a friend in distress; the clenched hand becomes a fist raised in hurtful act toward a fellow man. Wonderful are these hands of ours, made to clasp hands with others for mutual good and for uniting strength to strength.

Hands are a part of the person, and what they do is the expression of the sentiment of the heart, or the planning of the mind. These highly capable members of the human body are the servants of the whole body or person. You become a 'handy man' about the home and the community, if your attitude is generous and helpful, if you 'have a mind' to help in good causes. The mind is the master of the hand; what you want and what you intend determine what the hand will do. If this man's mind could have been properly directed his hands would have been a blessing to the common life.

Dangerous hands that must be handcuffed to keep them from activity are the servants of an undisciplined mind or soul. Have you trained your mind to think cleanly and helpfully? Have you cultivated a good will toward others? Do you meditate upon the possibilities for good which lie before you? Have you dedicated your soul to the service of God and of your fellow men? *Then we shall rejoice that your hands are free; they will be symbols of untold value.* Do you think only of your own success, without taking other men into account? Are you concerned only to have your own way and to look after your own pleasure? *Then society will do well to lock your hands to each other.* Offer your hands to God in prayer and to your fellows in helpful service. But first you will need to lay your soul, your mind, upon the altar of reverent worship.

# A FREE PEOPLE---A FREE PRESS

## THE AMERICAN PEOPLE ARE NOT DUMB

We Americans have never, in the dictionary sense, been dumb. We are extremely vocal. When we don't like something, we say so. We tell our neighbor, we wire our Congressman and, probably most significant, we write a letter to our newspaper—a good many millions of us every year.

We are not dumb. We have never lost the use of our vocal chords. We know we're in the driver's seat, we know we can run the country. We're awfully cranky and when something displeases us, we're quick to tell the world. That's why we get things done.

In the good old U. S. A. slang sense, we Americans aren't dumb either. We know that the right to express ourselves didn't just happen. It was fought for. It was paid for in tears and in blood and we have guarded it jealously through the years.

We are not dumb. We know that our precious freedoms and liberties, the right to think, vote, travel, earn and worship as we please, are safe only so long as we please, through our newspapers. We know that all of our freedoms, the freedom of the press is the most important. We know that it guards every other liberty and that without it we would live in darkness, a prey of any demagogue's whim.

We Americans are not dumb. As long as we value our rights and our liberties we shall steadfastly resist any attempt by private interests or public authority to encroach upon our free newspapers. For the right to read is the right to know—to be informed. Because all our other rights depend on it, it is the one right most worth defending.

# The News Is the Most Economical and Effective Advertising Medium

Whether it be for the farmer who has a few head of stock for sale, or some farm implement of which he wishes to dispose; the city property owner who has something to sell or rent; the professional man who wishes to keep his name before the public; or the merchants of Randall county who wish to reach ALL the people every week with merchandising messages, The Canyon News offers the best medium.

The News goes into the homes of Randall county upon invitation of the home owners who do the buying; and it is read by every member of the family, because The News prints the weekly news of the county in which each and every member of the family is interested.

It is the policy of The News to give the maximum of co-operation, circulation and reader interest to its advertisers at as low a rate as possible. This has resulted in a wide volume of business and in universal satisfaction to those who advertise in The Canyon News regularly.

The Canyon News provides the best and most economical medium available in Randall county. Help your business by advertising weekly.

## Roger Shook Was Killed Saturday 10:30 p.m. While Taking Off Plane At Columbus O. --- Parents Live Here

Roger Shook, 42, son of Mr. and Mrs. J. W. Shook of Canyon, was killed Saturday night in a plane crash at Columbus, Ohio. He was pilot for a large real estate firm and had been taking groups all over that part of the nation during the past few years.

According to word received here, the plane was leaving the field and had gained about 50 feet in altitude when one of the engines stalled and the plane crashed and burst into flames. Roger was the only one killed. All four passengers escaped.

Mr. Shook was a graduate of the Canyon public schools. During the war he was a test pilot in Wichita, Kansas, and tested one of the planes which carried the atomic bombs over Japan. He stated after the war that the workmen on the plane had been sworn to secrecy, and likewise the test pilots. They knew that the planes were different, but did not realize its use.

Roger went to Columbus, Ohio, with his wife and son following the close of plane building where he was employed as a pilot by the real estate firm.

The funeral was held Tuesday afternoon at 4 o'clock in Columbus.

Survivors are the parents, Mr. and Mrs. Shook, and one sister, Mrs. Shirley Loftin of Borger. Mr. and Mrs. Shook, Mrs. Loftin and her small child left early Sunday morning for Columbus in their car.

Roger and his family had flown here from Columbus last Christmas, and Mr. and Mrs. Shook returned home with him by plane for a short visit.

## Pete Lane Draws a 2-Year Suspended Sentence in Court

Tried in District Court on the charge of murder without malice, Pete Lane of Plainview was given a 2-year suspended sentence by the jury at 1 o'clock Wednesday morning.

Lane was charged with driving while intoxicated. He ran into a car on the highway north of Canyon, killing three persons. He was tried for the death of one of the car occupants which he hit.

## K. A. Britt Has Reached 91st Yr.

An apology is due to K. A. Britt, pioneer of Randall county.

His name was omitted from the list of pioneers who had reached their 90th birthday.

Mr. Britt is 91 years old, and a most highly respected citizen of Canyon.

Perhaps there are others in Randall county who have passed the 90th year mark, and if there should be any other person of this age, The News will be glad to receive notice of their ages.

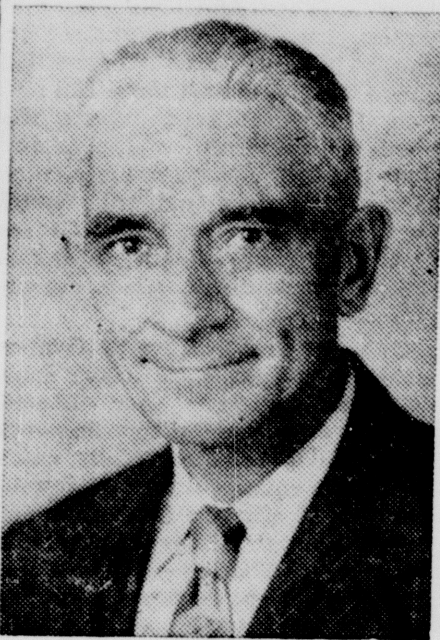

## More Men Called Up For Physicals For October 16

The following men from Randall county have been called for their physical examination on October 16:

John C. Duncan, Jesse Stripe, Samuel A. Mazurek, Jr., Delbert G. McBroom, Billy J. Cox, Pete Fischbacher, Earl J. O'Keefe, William B. Davis, Charles T. Wright, John C. Henderson, Charles R. Sloan, Lawrence V. Youngblood, Norman L. Jones, Bill R. Byers, Kenneth W. Wheeler.

Men were called from all of the four counties in this district.

## Returned Missionary Will Speak Sunday at Christian Church

W. W. HASKELL

W. W. Haskell, missionary teacher for the Christian Church in China for 25 years will be the guest speaker at the First Christian Church in Canyon on Sunday, Oct. 8, at both the morning and evening services. He will also speak to the Candle-tip at 5:00 o'clock. Mr. Haskell was interned at Wuhu, China where the Christian Church maintains a mission station. When repatriated he was brought to this country.

Mr. and Mrs. Haskell have given all of their missionary effort to the work at Wuhu with the exception of one year spent in Japan in 1927 when an uprising temporarily kept them away from the school. Their home has always been open to the Chinese and it would be impossible to estimate the good they have done in moulding the lives of the Chinese and the relief they have administered during the critical years of their residence in China. This intimate acquaintance with the Chinese people added to his recent experiences, enable Mr. Haskell to understand and know the sufferings and courage of the people with whom he worked, and assure his hearers an interesting and helpful message.

Prior to his missionary service in the Orient, Mr. Haskell was a high school teacher having specialized in the field of manual arts. Both his undergraduate and post-graduate work was carried on at the University of Missouri where he received his A. B. and B. S. degrees. Special training was secured at the American College of Physical Education, Chicago; Stout Institute at Menomonee, Wisconsin; Bradley Polytechnic Institute at Peoria, Ill., and Union Theological Seminary, New York. The Christian Church invites the public to hear Mr. Haskell.

## New Building For Bank Will Be Started Soon

The First National Bank will build a new building just north of the postoffice. The deal was closed for the location Monday at a special meeting of the board of directors.

Plans are in the hands of the architect, who believes that it will be possible to get out the first draft of plans by next Tuesday when the board of directors will check for any changes. According to the schedule, it is planned to let a contract for the new building about the first of November, and to have the building completed by March.

The new building will be one story, with a basement under the west one-third of the building. The structure will be completely modern, with new fixtures, and adequate vaults.

In addition to the customers' vault on the first floor, a second vault will be provided in the basement for storage of metal boxes for customers.

The lot occupied by the Flower Mart building will be cleared. Ten additional feet has been bought from the Bendix Laundry and likewise the two lots west of this firm. The new building will be 36 feet wide by 140 feet long, with a four foot walk on the north side, and a 10 foot alley on the west. It is planned to use the two lots as parking space for bank employees and customers. A business office 30 by 30 will be in the west part of the building when a suitable lease is arranged.

The present bank building is inadequate for the growing needs of the business, but it was found that it would cost more to remodel this building than to build another building which would meet the banking needs of Canyon.

The alley south of the building will be paved, and likewise the paving in front of the building will be widened.

## News Publisher In Newspaper Talks

Since this is the 11th Annual Newspaper Week the publisher of The Canyon News, Clyde W. Warwick talked to the Kiwanis Club in Tulsa; Thursday he will talk to the Kiwanis Club at Hereford; and Thursday night Mr. and Mrs. Warwick will attend a dinner given by the Elks Club in Amarillo honoring the newspapers of the Panhandle.

## News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of October 1, 1925)

Randall county tied for second place with the county exhibit at the Tri-State Fair.

The Amarillo News has started the agitation to start a junior college in Amarillo.

County Judge R. L. Lester states that the county judges of Texas are opposed to the practice of the State Highway Commission letter contracts for all highways. These contracts should be let by the various counties, according to Judge Lester.

E. Paul Stewart left for Dallas to enter Baylor medical college.

The government reports that there are no men available for harvest needs in Randall county.

## Wheat Crop Is Nearly Planted in Spite Rains

A trace of rain fell in Canyon Saturday evening, but hardly enough to make a showing.

The rain clouds rolled in from the west, with more than an inch reported in the Dawn community. The cloud went to the west and north of Canyon, with no damage to the row crop.

A light rain of .25 of an inch fell in Canyon Sunday night. There was much lightning and thunder connected with this storm.

During the past week there has been a large acreage of wheat planted. Many farmers report that they are practically finished with their planting. The ground has been so wet following the regular intervals of rain that planting has been difficult. However, it is not late for wheat, and many farmers are being advised by experienced wheat men not to rush their planting while the ground is still too wet.

The wind changed to the north Monday, dropping the temperature to 43 degrees above zero, or the lowest mark of the fall.

Mr. and Mrs. Afton Williams visited Sunday with Mr. and Mrs. Earl Freise and Miss Ruth Freise.

Mrs. Herb Brillhart of Perryton visited Mrs. Shirley White in the home of her mother.

## Grand Jury Returns One Bill and Takes Recess on Monday

A new term of court opened Monday with the grand jury being sworn in for the term.

One bill was voted, and recess taken subject to call of Judge Henry S. Bishop.

The following are members of the grand jury: Aubrey Crossland, foreman, Erwin H. Meyer, Victor Hill, J. M. Durrett, Ray Metcalf, W. D. O'Donald, Louis G. Henders, Jr., J. C. Nimmo, Ralph O'Keefe, R. M. Sigman, L. L. Raef.

Week-end visitors in the K. L. Pond home were Mrs. Pond's parents, Mr. and Mrs. F. E. Jones, and Mrs. Letha Harrison and daughters of Childress.

Mr. and Mrs. George Vineyard and son Scott Thomas returned to their home in Big Spring Sunday after a six-day visit in the George Farlow and T. E. Thompson homes.

Richard Walters, who is attending Wayland College in Plainview, spent the week-end with his mother Mrs. Rae M. Walters.

## Woman Robbed in Home Saturday by Unknown Man

Mrs. Leo Scott was knocked down and robbed at her home Saturday morning as she was getting ready to come to town. She lives southwest of the public schools.

According to Sheriff M. E. Cantrell, Mrs. Scott had called a taxi to come to town at 9:10 o'clock. She answered a knock at the door a few minutes after placing the call and was confronted by a man who pulled open the screen door, knocked Mrs. Scott down and grabbed her handbag. \$16 in cash was taken from the bag.

The cab drove up at 9:25 and the driver found Mrs. Scott badly bruised about the head and just regaining consciousness. She was able to give a good description of the man, who is thought to be one of the extra gang which has been working on the railroad.

## Five Occupy the Jail in Canyon Over Weekend

The jail had a good population over the week end, with five customers.

An Indian and Mexican from the extra gang, and a white had been thrown in for drunkenness.

One white was in for driving while intoxicated.

One white drew \$100 fines on two counts for using abusive language to two young girls, 8 and 11 years old, in South Amarillo. He has 60 days of free board at the expense of the people of Randall county for laying out his fines.

## John McCarty Left to Attend Meeting of State Parks

John McCarty, concessionaire of the Palo Duro State Park, left Monday for Austin to attend the National Park Conference of State Parks Concessionaires.

Mr. McCarty took with him a report on the Palo Duro for the year of 1950.

In spite of the low attendance due to continued rains during the past month, the attendance has mounted to 95,078. This is in comparison to the attendance of 73,212 on the same date of 1949; and 46,266 for the year of 1948.

The attendance has been materially boosted by the large number of tourists who have seen the attractive road signs directing them to Palo Duro State Park, and the fact that so many citizens from the Lubbock area have been coming regularly to the Park.

## Miss Erdman Home From Missouri Trip

Miss Louisa Grace Erdman is home from Missouri where she was given a fine reception by the people who had read her new book, "The Edge of Time."

Miss Erdman has autographed copies of the book which are on sale at Warwick's.

Joyce Hill, who is teaching in Wildorado, visited in the parental George Hill home over the week-end.

## EDITORIAL COMMENTS

**Fighting Commies Is Result of Public Demand for Action**

It is more and more evident that President Truman was correct in his veto of the anti-commie bill which was rushed through Congress in spite of the announced opposition of the White House. The bill will be unworkable in many respects, and parts of it may be declared unconstitutional, according to legal lights who have taken the time to make a study of the measure.

Let it be kept in mind that the bill is a step in the right direction; a step toward doing something about anti-American forces in this nation which are growing up in the government, and seemingly are being sheltered by the White House.

We do not mean to infer that President Truman is a commie, or is even sympathetic to the commie movement. He has been taking advice from the wrong crowd, who have wooed and won his confidence. Once his pledge of friendship is given, the President refuses to change his mind. You will recall that he dubbed the anti-communist movement as a red herring; that he pledged his support to his friends, who have been run out of public places of honor and trust when it was proven that they were commie sympathizers.

No wonder Congress was willing and anxious to do something about such a situation. No wonder the Congress took the bits in its teeth and rushed through a bill which the President vetoed.

Congressman Ben Guill warned while speaking in Canyon that the anti-commie sentiment was so strong in Congress that the wrong kind of bill would likely be passed because of the strong White House opposition to any kind of controls.

No wonder the entire Texas delegation voted to over-ride the veto. Tom Connally and Lyndon Johnson were not fooled about this measure. The House members were not fooled. They realized that unless something was done now, it would never be done.

You will witness the fact that a few years ago Tom Connally rushed through Congress the first general labor control bill. Connally knew that nothing would be done unless there was a start made. With more than 600 members of Congress, representing diverse sentiments, from every section of a great nation, there is little chance to pass a bill which suits everyone in its original form. It would take a master mind to write such a measure.

The anti-commie bill was passed simply because the people demanded that Congress take a definite stand against communism and quit stalling around on the control of an element which was seeking to wreck this nation. Rather than announce his decision to veto the bill, the President should have used his influence to pass a measure which was little more than a white wash, such as he sent to the law makers. After all, the brains of this nation are not centered in the White House, or in a small group of men, many of whom have shown that they were communistic in their thinking.

**The Korean War Is About Over, With All Praise for MacArthur**

The master gamble of General MacArthur paid off in Korea.

No doubt there were a lot of red faces in Washington when it was announced that the MARINES had made a successful landing and were carrying out the MacArthur strategy. It was only a few days following the apology to the Marines by the President of the United States, that this bunch of fighters took over, and continued their successful conquest.

MacArthur admitted after the successful landing that it was a gamble, and likewise he announced that if the gamble was successful that the war would be over before winter and thousands of American lives would be saved. He was right. The Reds have been whipped.

What MacArthur will do when United Nations troops reach the 38th division line between South and North Korea is another story. You may know the answer before this is printed.

Military men and diplomats believe that the only way to whip North Korean Reds is for the United Nations to continue across the so-called dividing line.

On the other hand, there will be a strong plea back here in the United States to stop the war as quickly as possible. Those in control have a tough job ahead of them, and a job which will require the best military minds of the nation. Naturally Russia will plead for the war to quit, so that Reds may be saved for some other war which she will eventually start.

A silly statement was made on the editorial page of *The News* last week. "Labor will cast a solid vote for friend Harry in 1942"—where in the world was the proof reader's mind? This is 1950, and the vote for president comes up in 1952!

It may sound foolish but we rise to suggest that the nation which spends \$30,000,000,000 on plans for warfare can afford to spend large sums on plans for human living.

Maybe when the Democrats and Republicans begin their campaign oratory the Russians will be convinced that the country is really divided, after all.

What has become of the youngster who believed, a few years ago, that the world was looking for a man, intelligent, impartial and just?

Delusion: The idea that if the U. S. had said a few kind words for Chiang Kai-shek the gentleman would still be master of China.

It's about time for us to give some attention to what we might do in case somebody drops an atomic bomb in the neighborhood.

There is no use trying to regulate the world—unless you first demonstrate that you can regulate and control yourself.

We will have better government when we have more intelligent voters and there is no other way.

Passing a law is not the same thing as apprehending the Communists that work against the United States.

The man who extends favors acquires an importance only in the minds of those who receive them.

Nothing is funnier than a man who happens to guess right once and gets the idea that he is an expert.

Driving carefully may not get you anywhere as fast as possible but it will probably get you there safely.

**The Pledge Grows Sillier the More You Consider the Situation**

Over at Hereford Saturday a citizen of that town remarked: "I saw your statement regarding the pledge on the Democratic ballot. I am a native Texan; have never voted anything but a straight Democratic ticket; but I have always resented that pledge, and do not intend voting the Democratic ticket straight this year. I am going to vote for Ben Guill."

That seems to be the growing sentiment—resentment against the brass collar tactics of the Democratic party in Texas in its effort to hold together the voters so that a second party will never have a chance to win in the general election.

We have been looking over the general election ballots which *The Canyon News* will print for the vote next month. We have not found a single Republican candidate for any state office whom we have ever met, or of whom we have heard the least complimentary discussion. They may be pretty good persons, but certainly lack in public appeal.

On the other hand, we know Congressman Ben Guill, the only Republican Congressman from Texas. We voted for him in the special election in May, and will vote to return him for a full term in the November election. We chose Ben Guill over the 10 Democratic candidates in May because of his qualifications. We voted for Altavene Clark in July and August, because of her fitness for public office, although we realized that the cards were stacked against her.

Walter Rogers, the Democratic candidate for Congress, is a good man, and we have nothing against him. But Ben Guill is "in." He is a member of the powerful Agriculture Committee. Walter Rogers has no chance of getting on this committee. Furthermore, we do not believe that Rogers would make as useful a Congressman as Ben Guill, who left the Democratic party when it ceased to be the Democratic party.

Bascom Timmons, the best posted newspaper man in Washington, writes that Ben Guill has made the best record of any freshman congressman he has ever observed in his 38 years in Washington. He believes that the people of the 18th Congressional District will make a mistake in not returning him.

We have known Timmons for 40 years and highly respect his ability to evaluate members of Congress. However, we are not taking his word as final in this matter. But we are glad that he evaluates Ben Guill so highly, and along the same line as we have always held him.

We believe that the people of the 18th Congressional District should vote for whom they please when it comes to the General Election, regardless of the brass collar which the party is seeking to put around your necks through the state organization.

We prefer to be known as a good American, rather than a strictly party follower, when we believe that we are right in voting for a man who is outside the party. Franklin D. Roosevelt preached and practiced this doctrine, together with Grover Cleveland and Woodrow Wilson. These past presidents knew the danger of any party trying to sew up their party membership by a mere pledge to vote for any one who happens to get on the ballot.

**This Is the Eleventh Annual Newspaper Week in America**

This is the 11th Annual Newspaper Week!

*The Canyon News* has always observed this event, but almost backed out in this 1950. You will recall that we observed our 40th anniversary of the arrival of the publisher on August 5.

Conditions are about as tough in the newspaper field today as they have ever been—even during the war. Labor is scarce; newsprint is scarce; the cost of producing a newspaper is mounting. Why then not skip this annual event?

That would be the sensible thing to do, but here we are engaged in the production of another Newspaper Week edition. *The Canyon News* is the only newspaper in this area which has produced a special section on Newspaper Week since the idea was started 11 years ago. It has become a habit here at *The News* office.

Our devotion to the future of the weekly newspapers is stronger today than ever before. We have never been shaken in our faith of the country press by the various and sundry dire predictions which have been made from time to time by folks who thought they were pretty smart. This class has been preaching that the press was just about ready to fold up and newer devices in spreading the news would take its place. So far the press has outlived all its critics. So long as the press continues to serve, it will continue to live.

During this Annual Newspaper Week, we urge you to take time out to rediscover what your newspaper means to you and to your community. If you don't think your newspaper is very, very close to your part of this community, try a simple experiment; when your paper comes just set a side and see how long you can refrain from reading it.

At any rate this is our week of self examination. We hope that you will join with us in examining your part in the production of the recorded history of this community—not all of the good deeds of the fine men and women of Randall county; and certainly not all of the evil deeds which have been committed here.

This is OUR WEEK, and we are happy to observe it.

Every child in Canyon should be carefully instructed about the dangers that lurk in the streets. "Look both ways and run fast," is bad advice.

The editorials of *The Canyon News* are honestly written, even if ignorantly composed; we trust the same is true of your reaction to them.

The world of literature is crammed with wonderful ideas but none of them will jump into your brain unless you hunt them up.

A self-respecting hog we assert, is not to be confused with some of the "long pigs" that populate the globe.

If you get rid of envy you will be surprised to see how many nice people there are in your community.

Men of wealth just naturally think they are inclined to genius, even if they inherited the cash.

Readers often wonder why editors write their stuff and editors often wonder why people read it.

What has become of the old-fashioned man who put honor above profits—has he gone out of business?

It may cost money but every community can make improvements for the benefit of the public.

**WHO KNOWS**

1. How high does the new Army rocket climb into the air?
2. What speed does it reach?
3. How many new laws has Congress enacted between January and August 31?
4. Mount Everest has recently risen 198 feet. Why?
5. How high is Mt. Everest now?
6. For which did Americans spend more in 1949, automobiles or homes?
7. How many troops has the United Kingdom promised for Korea?
8. When will dependents of service men begin receiving payments?
9. Where is the "roof of the world"?
10. What was General Mark Clark's job in World War II? (See "The Answers" on Page 7)

**NO REPEAT PERFORMANCE**

There was a little girl named Marjorie down in Alabama whose faith in the efficacy of prayer is limitless. Recently her mother said to her: "Dear, don't you think you should include your Uncle Walter in your prayer tonight—ask the Lord to help him get a job?"

Marjorie agreed enthusiastically, and put in a fervent prayer for her beloved uncle. The following night her mother again reminded her of Uncle Walter's need and asked her to pray for him again.

"But, Mother," the child protested. "What's the matter with the job I got him last night?"

**WASTED EFFORT**

The country dance floor was jammed to the four walls and after one number a gallant youth said to a young lady beside him, "Thanks so much for the dance."

"Dance? Dance?" she queried aglance. "Why I was just pushing through the crowd to reach the refreshment stand."

**JUST A SUGGESTION**

A lot of motorists could afford to be a little more superstitious—believe in signs, you know.

**American Body & Trailer, Inc. Known For Dependability**

One of the leading industries in Amarillo is the American Body and Trailer, Inc., 740 N. Grand. This concern manufactures a diversified line of truck beds and industrial and farm trailers of every type. Their plant is modernly equipped and their aim is to always produce truck beds and trailers that will "stand the gaff on the road," which requires the use of quality material, skilled workmanship and expert engineering.

Of particular interest to farmers in this area are the grain beds made by American. They have all steel bottom and sides with clear oak stakes and patented grain gates. They are equipped with the well-known and efficient Gallion underbody hoists in either 8 or 12 ton capacities. Those that have used American Grain Beds are most enthusiastic about their efficiency.

The livestock and grain semi-trailers manufactured by American are also widely used in the Panhandle and are built to last with the same quality material and workmanship as their other trailers and bodies.

We are indeed fortunate to have such an industry in our midst with the reputation for outstanding products and recommend to our readers who may be in need of trailers for livestock or grain beds for trucks that you call upon American Body and Trailer, Inc. You will find they will be most courteous and will quote prices in line with competition and you can be assured that American equipment will be as good as the best.

## W. T. Baker Hardware Is Aid to Framers

From the professional mechanic, farmer, electrician and the host of other modern trades to the high school kid building models, W. T. Baker Hardware located in Amarillo at 413 W. 9th is recognized as a prominent firm and has always been a leader in providing the necessary tools and other items of hardware found in ample stock.

W. T. Baker is sole owner of this store and has had wide experience in the hardware and plumbing fixture business and has used the weight of his experience to procure the best in merchandise at most reasonable prices. This store is headquarters for not only general hardware but also garden tools, wheelbarrows, electric fans, heaters and ranges, pipe and pipe fittings, plumbers supplies, motors, lawn mowers, sprinklers, vacuum cleaners, bath tubs, lavatories, sinks and commodes, as well as a stock of hundreds of other items. Mr. Baker or his clerks will extend our readers the most courteous attention and are always glad to recommend the most suitable merchandise to meet the specific need.

Since it is the purpose of this edition to acquaint readers with the leading business interests of the community, we are glad to point to W. T. Baker Hardware at 413 W. 9th in Amarillo as a leader in contributing to the progress and welfare of the district.

## Houses Expertly Moved by the H. I. Stephenson Co.

Experienced in all types of house moving, The H. I. Stephenson Company has gained recognition for their many satisfactory jobs throughout this section of Texas. Fully equipped and insured, the H. I. Stephenson organization is prepared to handle both large and small structures in raising and storing as well as moving from one site to another.

H. I. Stephenson Company, located in Amarillo at 2400 W. 7th, makes a business of transporting these houses that have to be moved for one reason or another and many phone calls go to them at Amarillo 5757 for this reason. Among the other features of this able contractor is the wrecking and moving of heavier building structures. Heavy duty equipment and rigging make possible the most satisfactory work at reasonable prices.

Building a reputation for the future has been the goal which H. I. Stephenson Company has directed every effort. This policy has resulted in their putting painstaking effort into each job so that satisfaction would be assured.

We wish to assure our readers that when you telephone 5757 in Amarillo that your house moving needs will be taken care of to your entire satisfaction. H. I. Stephenson Company is to be commended, and this writer is happy to refer them to all our readers.

## Point of No Return Is Near Nation's Debt

More than a decade ago a forty or fifty billion-dollar Federal debt was considered by many to be ruinous. The fact that the country has "progressed" far beyond this point and the wheels still keep turning raises the question of how far the debt can climb without resulting in economic collapse.

Many people are no longer concerned simply because the debt has soared to astronomical levels with no apparent ill effect. However they would do well to consider the warning of Frederick Greenwood, vice president of the Bank of California. "Unfortunately," says Mr. Greenwood, "there is no mathematical formula to determine at just what point in an inflationary spiral we pass the 'point of no return.' Deficit financing almost inevitably means inflation because the government has to finance the deficits either by printing money or selling treasury obligations to the banks, both of which increase the amount of currency in circulation. If, at the same time, we do not have a corresponding increase in the supply of goods and service, we will have inflation, which means cheaper dollars."

"The reason that we have no mathematical formula for determining how far along this road we can travel without disastrous consequences is that we are dealing with the 'changing and unpredictable climate of public opinion.' In a democracy where the individual is supposed to have freedom of action, this is especially difficult to analyze. As long as the mass of people have faith in the soundness of their money and the credit of the government, all is well. But if and when the mass of the people lose faith in their money and the credit of the government, disaster is not far away."

The Federal government for many years has lived on deficit financing while giving the people the illusion "liberal" welfare programs costing billions of dollars. At present the dollar is worth half the value of a few years ago. Whether the point of no return has been reached can only be answered by the actions of individual citizens. They can still turn back.

## The Amarillo Farm Equipment Co Helps Develop Panhandle

We would be doing our readers an injustice if we didn't, in this edition, devote space to the Amarillo Farm Equipment Co., located at 2609 East 3rd in Amarillo, dealers of the Ford System of modern farming.

It is a well-known fact that it was Henry Ford who, some twenty-seven years ago, revolutionized the tractor industry with his four-cylinder, fast and economical Fordson. Prior to that time tractors were heavy, cumbersome and expensive and unsuited to the average farm. With the advent of the Fordson, other tractor manufacturers were forced to fall in line, and now with the new low-cost, cheap operating, fast and easy handling Ford with Dearborn Implements, we predict still another revolution in the mechanization of the farms.

The Amarillo Farm Equipment Company, under the direction of Mr. George Voss, the manager, has done much in the Panhandle thru their distribution of Ford tractors and Dearborn Implements to lighten the work and increase the profits of the farmer. At the same time they have helped and are helping through their service to increase the supply of

sorely needed food stuffs.

They maintain a complete service department manned by thoroughly experienced tractor and implement mechanics who are ready at all times to devote their excellent shop facilities to the maintenance and repair of your tractor and other farm machinery.

It is a pleasure to recommend a company like the Amarillo Farm Equipment Company and the Ford System of modern farming to our readers.

## Tough Eating on Cattle of Early Days on Plains

Countless volumes of fiction have been written about the Wild West, its cowboys, Texas steers, cattle rustling and driving of herds over long trails. It makes exciting reading, especially with a little gunplay thrown in.

But how good was the meat produced in those days? If one judges by the pictures of the "critters" fifty years ago, compared with the modern beef animals that

you see today on the larger ranges as well as small farms, the difference is almost unbelievable. The long-legged rangy steer of the two-gun story period looks like he would be pretty tough eating compared with the short-legged, heavy set, well fattened animals that go to the packing houses today. There is just about as much difference between them as there is between the angular automobile of the early 1900's and the sleek, streamlined product of 1950.

The meat packing industry and the farmers have been as busy producing new "beef models" as automobile manufacturers have been producing new car models. The consumer of meat, however, does not realize this. He has no idea of the cooperative effort that has taken place between the cattle raiser and the meat packer and the technical advances that have been made in processing meats in order to produce uniform quality that was unknown a few short years ago.

Whenever a new wrinkle for a life-destroying atom is perfected the news is flashed around the world as a great accomplishment. But when bread and butter industries such as packing and farming produce a better meat animal, the accomplishment is taken for granted and little or nothing is said about it, but producing better food is a blessing to the whole human race.

# GET FAST, TEMPORARY RELIEF From Local Pain Of:

**RHEUMATISM  
LUMBAGO  
NEURITIS  
BURSITIS  
SCIATICA  
ARTHRITIS**

as well as fatigue and muscular aches and pains of simple colds.

\*SURIN is not intended as a cure or treatment for any of the above diseases. It is to be used only for temporary relief of local, superficial pain. NO INTERNAL DOSING WITH SURIN! USE IT LOCALLY!

IT'S SO EASY! Give yourself a 1-minute gentle "rub-in" with this amazing new ointment as directed, and see how fast your pains and aches are eased!

## MODERN RESEARCH DRUG IN SURIN

Now—after months of investigation, Science comes to the aid of sufferers tortured by local superficial muscle pain with an amazingly effective, new preparation called—SURIN.

SURIN does double duty! It contains the modern research drug—b-methacholine chloride. When rubbed on the skin this remarkable substance dilates the surface blood vessels in the local area at the point of pain. Therefore, SURIN (1) increases local circulation, and (2) allows its local, relaxing agents, camphor and menthol, and the local analgesic, methyl salicylate, to penetrate fast! In just a few minutes, you feel a glorious, soothing warmth—a glowing sensation of relief that develops and lasts from one to three or more hours!

No longer is it necessary to suffer intense superficial muscle pains. You can apply SURIN without fear.

SURIN IS New!

NEW!

## LaNelle Taylor Lonnie Todd Vows Read Sun.

In an impressive formal ceremony Sunday, Oct. 1 at 5 o'clock in the First Baptist Church at Happy, Miss LaNelle Taylor, daughter of Mr. and Mrs. C. D. Taylor, became the bride of Lonnie Todd, son of Mr. and Mrs. Claude Todd.

Rev. A. L. Shaw, pastor, read the double ring service in the sanctuary. Mrs. Glenn Dowden of Canyon, pianist, played "To a Wild Rose," "Clair de Lune," and "O Perfect Love" as a nuptial prelude. Mr. Bill Sweeney of Plainview sang "Thine Alone" by Herbert and "Because" by D'Hardelot.

"The Lord's Prayer" by Malotte, was sung for the benediction. The traditional wedding marches were used for the processional and recessional.

The church rostrum was decorated with sunburst arrangements of white chrysanthemums banked by Woodwardia, emerald green fern, and cathedral tapers. The choir rail was draped with white satin. White tapers, bridal ribbon and fern marked the aisle.

As matron of honor, Mrs. Pat Maynard, sister of the bride, wore a chartreuse taffeta gown, styled similar to the bride's gown, with matching mitts. She carried a crescent shaped bouquet of pink gladioli, lace leaves, maline and satin ribbon streamers.

The bridesmaids, Mrs. C. E. Hayes, of Pierre, South Dakota, sister of the bridegroom, Miss Lynn Robinson of Canyon, and Miss Jeanine McWhorter of Amarillo, wore gowns of pink taffeta fashioned identical to the honor attendants. They wore matching mitts and carried crescent shaped bouquets of white spider chrysanthemums with chartreuse lace leaves, maline, and satin streamers.

Corky Lancaster, Texas Tech of Lubbock, was best man. Groomsman were Jack Loring of Tulsa, and Charles Wrenn, Texas Tech in Lubbock. Ushers were Homer Bradley of Tulsa, and Glen Miller from Texas Tech.

Entering on the arm of her father, who gave her in marriage, the bride was attired in a gown of white bridal satin, styled with a nylon net yolk and over skirt. The tight fitting bodice was accented by fitted sleeves extending into petal points. The full skirt fell into a cathedral train. Her finger-tip veil of nylon illusion was caught by a headress of waxed orange blossoms. She carried a crescent shaped bouquet of white roses and stephanotis with white lace leaves, maline, and satin ribbon streamers.

Mrs. Taylor, mother of the bride, wore a rose crepe dress trimmed in matching satin, complimented by navy accessories. Mrs. Todd, mother of the bridegroom, wore a navy nylon dress with navy and rose accessories. They wore corsages of white spider mums.

After the ceremony a reception was held in the Dee Taylor home. The bride's colors of chartreuse and pink were carried out in the decorative appointments. The table was covered with an ecru cut work linen cloth. The tiered wedding cake with pink rosebuds and chartreuse leaves was served by Mrs. Pat Maynard. Mrs. C. E. Hayes served punch. The center piece was of white spider chrysanthemums flanked by pink candles.

The bride traveled in a chartreuse suit with pink and brown accessories. After a wedding trip the couple will

be at home on the Todd farm.

Mrs. Todd was graduated from Happy High School and attended West Texas State College in Canyon. Mr. Todd was graduated from Happy High School and is engaged in farming.

### RECENT BRIDE IS HONOREE AT KITCHEN SHOWER TUES.

Mrs. Rusty Davis and Miss Valeta Haines were hostesses for a kitchen shower honoring Mrs. Clifford Burtz, nee Florence Alexander, in the Haines home Tuesday night.

Arrangements of dahlias and margolds decorated the entertaining rooms.

Refreshments of cherry ice cream cake roll, cola punch and nuts were served to Susan Owens, Marian Miller, Geneva McDougal, Nancy Wright, and Jimmy, Mesdames Lee Bailey, Marvin Pite, Dick Barrett, W. W. Nickolas, Gladys Haines, the honoree, and the hostesses.

### MRS. HAMBLEEN, MRS. FRIEZE ATTEND GUILD CONFERENCE

Mrs. Alfred Hambleen and Mrs. K. E. Frieze attended the Annual Northwest Texas Conference of Wesleyan Service Guild in Sweetwater last week-end. Forty-two persons registered at the conference. Main speaker was Dr. Woodruff, professor of philosophy and Bible at McMurry College. Mrs. George Turnley of Amarillo, Conference Promotional Secretary, was director of the Conference.

Mrs. Frieze was in charge of the devotional for three services. She and Mrs. Hambleen spent Saturday night with Mr. and Mrs. Carl Anderson in their home in Sweetwater.

### BARKER HOME IS SETTING FOR BRIDGE PARTY THURS.

Mr. and Mrs. J. D. Barker were hosts to a party for the Friday Afternoon bridge club last week. The entertaining rooms were decorated with varied colored dahlias and roses from Mrs. Warwick's yard.

The group played bridge after a dessert course was served to guests Mr. and Mrs. Herschel Coffee, Dr. and Mrs. James P. Cornette, and Dr. and Mrs. Charles R. Nester, and members Mr. and Mrs. W. C. Black, Mr. and Mrs. Lee Foster, Mr. and Mrs. Guy Harp, Mr. and Mrs. Wes Kleinschmidt, Mr. and Mrs. T. H. Knighton, Dr. and Mrs. R. A. Neblett, Mr. and Mrs. Bryan McDonald, Mr. and Mrs. Dan Sanders, Mr. and Mrs. C. W. Warwick.

### CARD OF THANKS

To the people of Canyon, the members of the Baptist and Pentecostal Holiness Church, business firms, special friends, teachers, innumerable friends and neighbors:

Words cannot adequately express my deep appreciation for the many kind, sympathetic and loving deeds done for us the past year and at the time of my recent bereavement in the loss of my husband. A friend in time of need is a friend indeed.

Mrs. Odessa Moore and children.

### NOTICE

The American Legion Auxiliary will meet Monday night, October 9, at 7:30 in the Legion Hall for installation of officers. All members of the organization are urged to be present.

## Chester Swor Spoke Tuesday Rotary Luncheon

Chester Swor, nationally known speaker, spoke to the Canyon Rotary Club Tuesday. Mr. Swor is in Canyon conducting a series of lectures and talks at the Baptist church. He is a former teacher of English and Dean of Men at Mississippi College. However, in the past several years he has done extensive work in youth counseling and traveled over the entire country. Experiences that were gained in these travels were the subject of his talk to the Rotarians and their guests.

In his travels, mainly in the Eastern part of the nation, Mr. Swor conducted a poll among business men who are still active in business yet are over 70 years of age. The question asked these men was, "what are some of the things that you have done to make you able to come through the stress and strain and pressures of business, yet remain active, youthful and useful in business even past 70 years of age?" Mr. Swor stated that out of over 300 men asked the question three main factors seemed to be outstanding as related by the men in their answers. The first factor, nearly without exception, was that it paid to have a hobby that would take the mind off every day business matters and afford relaxation. Second, a man needs a sense of humor to be able to laugh off the minor criticisms of every day business and save his energy for the more important happenings. Third, the men interviewed expressed the idea that it took a power outside the human realm to carry them through the years of stress and strain of business.

Visitors were: Geo. Aubach, J. J. Sanders, Bill Dooley, Guy Carland, Jr., R. K. Weisinger, C. N. Fielder, Jr., John Oakes, N. S. Griggs, Horace Griggs, J. E. Bowman, Francis Brown, S. B. McClure and Walter Dammeier all of Amarillo; Bob Martin, Bay Town; and John L. Hammond of Canyon.

## Scientific Advance Fairy Tale Predicts

"Beauty and the Beast," to be dramatically interpreted by the Clare Tree Major Children's Theatre of New York at the College Administration Building Auditorium next Wednesday, at 9:30 a. m., like most fairy tales, is a story that curiously prophesies a modern discovery in the field of science.

The characters in most fairy stories were not portrayed as entirely free of human limitations, but, with the aid of willing fairies, magic and enchantment, they were able to master the forces of nature. By this means some of the oldest fairy tales actually predicted many centuries ago some of the astounding inventions of the modern world.

In arid Arabia, where the story of "Beauty and the Beast" is laid, the Beast's enchanted garden filled with an abundance of rare and beautiful flowers was magic, indeed, to those who heard the tale until only quite recently. Could it be that the ancient story tellers could actually foretell the coming of mechanically operated irrigation? As far back as the time of Cleopatra and even before, land on either side of a river was irrigated, but no way of carrying the water away from the rivers in quantity to nourish distant desert land was known. Now the magic of the story has become a fact with the recent laying of underground pipe lines that can convey to almost any part of Arabia, and, with powerful drills, has come the discovery of numerous springs hidden beneath the sand. Gradually, new oases or enchanted gardens are blooming in the previously dry wastelands.

Based partly on day dreams, the fairy tales of the past are now coming true in our own time. "Beauty and the Beast" will be presented here under the sponsorship of the American Association of University Women.

### EXTRA

We are told that in an analysis of gasoline 103 hydrocarbons were separated and identified. We predict this astounding fact will be publicized by some gas company and advertised as 103 extras thrown in for free.

### WHAT'S IN A TITLE

Of course, many people always thought that Marie Corelli who wrote "The Mighty Atom" in 1896, was about 50 years before her time. Output of Rumania's heavy industry said to top 1939 level.

# Buffaloes Defeated McMurry 41 to 19

Three starts; three wins!  
The Buffaloes got sweet revenge  
urday night before a packed stadium  
against the McMurry Indians Sat-  
at Buffalo field, winning 41-19.

The Herd will face Texas Tech at  
Lubbock Saturday night in their  
third Border Conference game.

The Buffs ran up three touch-  
downs in the last seven minutes of  
play, which marked the difference  
in the score and ability of the two  
teams. The game had been a nip  
and tuck battle up to the final quar-  
ter, with the Buffs leading in the  
score.

It was a torrid fight of two fine  
offenses, with Bill Cross and Charles  
(Wire) Wright pacing the Buffs and  
Brad Rowland and Floyd Sampson  
picking up most yardage for the  
Indians. Neither team was ever  
stopped for long.

A terrific Gene Mayfield to Roy  
Lee Dunn to Wright passing combo  
probably made the difference—that  
and the Buffs' surprisingly efficient  
pass defense. The Buffs intercepted  
three Tribe passes—the last by Tom  
Jinks in the final quarter was the  
one that broke the Indians' back.  
Harry Smith already had intercepted  
two other Indian throws, running  
one back 52 yards for the second  
Buff touchdown, and a seven point  
lead they held until the third quar-  
ter.

A partisan West Texas crowd of  
7,500, most fans ever to see a game  
here, looked on with apprehension  
as the Indians took the ball after the  
opening kickoff and marched 75  
yards in 13 plays to score, Sampson  
plowing out the last four yards. Paul  
Schuelke's kick for point was wide,  
leaving the Tribe a 6-0 lead after  
four minutes of play.

But, just eleven plays later, Buff  
fans breathed easier. West Texas  
marched and passed 65 yards to  
seven the count. Dunn kicked the  
point to make it 7-6. A Mayfield  
to Wright screen pass for 28 yards  
made the longest gain in the series.  
A Mayfield to Dunn three-yard-  
throw scored.

Early in the second quarter the  
Indians started a drive with two  
first downs. But, Smith intercepted  
a Doyle Dean pass and sprinted 52  
yards to tally, and Dunn kicked an-  
other point making it 14-6. He  
kicked five points in six tries in all.

The Buffs threatened again short-  
ly before the half, moving the ball  
to the Tribe four, but couldn't push  
across.

The Indians roared back with a  
touchdown immediately after the  
half. Wright took the kickoff to the  
Buff 27, where he was hit hard by  
Shuelke and fumbled, with Shuelke  
recovering. Rowland picked up two  
yards, Sampson picked up two more  
and then Rowland took a pitchout  
and went wide to the right for 23  
yards and a TD. Schuelke's kick was  
good, making it 14-13.

The Buffs came back to score as  
soon as they got the ball with help

of a penalty against McMurry for  
roughing the kicker. Three plays  
had netted the Buffs only eight  
yards and they elected to punt from  
their own 25.

But Wise was hit by a hard-  
charging Indian, which gave the  
Buff a first down on the WT 40.  
The Buffs marked up four more  
first downs with Wright, Cross, Ed-  
die Conner and Mayfield taking  
turns carrying. It was a Mayfield  
to Wright 19-yard pass that made  
the longest gain of the series. May-  
field shook off two tacklers that  
had him temporarily hooked and  
coolly tossed to Wright in a sensa-  
tional play. Wright smashed for  
yards to make it 20-13 and Dunn  
added the point.

The Tribe came right back for  
60 yards in a series of ground plays,  
but Rowland fumbled on the Buff  
15 and Jinks recovered.

Early in the fourth period, the  
Tribe put together an 81-yard drive  
with Rowland, Springer, Sampson  
and Dean all taking turns. The lat-  
ter scored, sneaking two yards. The  
point try missed.

Midway in last quarter, Frank  
Wise put the Tribe in the hole by  
punting 51 yards. Rowland took it  
on his own four but was nailed on  
the six by Don Briggs.

Sampson smashed twice at the  
Buff defense, but got only three  
yards. Dean threw a desperation  
pass and Jinks intercepted on the  
McMurry 25. On the first play  
from scrimmage, the Buffs broke  
Wright a hole and he ran over one-  
would-be tackler for the needed  
25 yards to score. Dunn kicked the  
point.

The Indians couldn't make a first  
down and Rowland tried a run from  
a deep punt on the fourth down. He  
made six yards, but the Buffs took  
possession of the ball on the Mc-  
Murry 26. Cross danced through the  
Tribe for 26 yards on the first play  
from scrimmage and Dunn kicked  
another point making it 35-19.

The Buff defense held again and  
Rowland punted to Tom Airhart,  
who returned the ball 18 yards to  
the McMurry 42. On the second  
play, a Mayfield to Dunn pass scor-  
ed, leaving the count 41-19.

Highlighting of the Buffs' ground  
game was their vicious blocking at  
virtually every position in the line.  
J. D. Covington, Joe Spann, Clint  
Williams, John Poindexter and Don  
Tucker all jolted the Tribe's molar  
with their blocking.

Defensively, Don Patterson, Mar-  
vin Smith, Conner, Briggs, Bruce  
Womack and a host of others also  
got in the act along with several  
of those who were offensive stand-  
outs.

Most surprising thing of the game  
was the fact that neither team could  
break loose Cross or Rowland for  
the 50 and 60 yard touchdown runs  
expected. But, they both chopped  
for plenty of yardage.

Cross, though he didn't carry the  
ball as often, outgained Rowland  
per try and Wright did as well as  
the huge Sampson. The Canadian  
Comet made 112 yards in 13 carries  
for an 8.62 average. Rowland gained  
161 in 26 carries for a 6.04 average.  
Both Wright and Sampson averaged  
slightly under five yards per try.

Mayfields' passing made a big dif-  
ference. He completed 10 of 17  
throws for 155 yards, two for touch-  
downs. He completed four to Wright  
for gains of 26, 19, 20, and six yards;  
four to Dunn for 3, 10, 20 and 42;  
one to Spann for six yards and an-  
other to Cross for two yards.

## Texas State Teacher Organization Meet Held in Amarillo

Dr. Ruth Lowes, president of unit  
number nine of the Texas State  
Teacher's Association, supervised an  
organizational workshop in Amarillo  
last Wednesday. Officers of the  
Randall County unit attending were:  
James E. Miller, president; Miss  
Jean Moore, vice-president; Mrs. R.  
E. Ball, secretary; Al Keiselback,  
treasurer; Mrs. J. L. Gilmore, chair-  
man of public relations.

Participants in the workshop, the  
first of its kind ever held in this  
part of the state, heard a keynote  
address by Dr. Belmont Farley, di-  
rector of press and radio relations,  
NEA, Washington, D. C. He dis-  
cussed the progress of education in  
the United States from its beginning  
to the present. Dr. Farley, also,  
served as consultant to chairmen  
of various sectional meetings where  
he offered advice on how to obtain  
closer cooperation between parents  
and teachers for the good of the  
child.

According to Mr. Miller, Randall  
County teachers are beginning the

year's work with unusual enthusiasm.  
Present plans include at least three  
programs for the winter which is  
hoped will be inspirational and in-  
formative for every teacher in the  
county.

Mr. and Mrs. Redmond Hand and  
Margaret visited Frances Hand in  
Panhandle Sunday. Frances is  
teaching third grade.

Mrs. A. E. Davis of Lubbock spent  
the week-end with Mr. and Mrs.  
C. B. Chandler and daughter Juan-  
ita.

Help Keep Canyon Clean!

Mrs. Lee Foster was speaker Wed-  
nesday night in Dumas to a group of  
women from Dumas and Dalhart.  
Her topic was "Missionary Educa-  
tion in the Presbyterian Church,  
U. S. A."

Mr. and Mrs. Lowe Herbert and  
Gail of Childress spent the week-  
end with Mr. and Mrs. Shirley Pitts  
and family.

Mr. and Mrs. Shirley Pitts, and  
family visited Mr. and Mrs. Lloyd  
Holland and family of Dumas Sun-  
day afternoon.

Help Keep Canyon Clean!

R. H. Bingham of Durham, Okla-  
homa, passed away at 5 o'clock  
Tuesday morning after a long illness.  
He was a brother of Mrs. W. H. Mc-  
Attee and Mrs. L. E. Thomas. The  
funeral was held Wednesday after-  
noon at 2:30. Mr. and Mrs. W.  
H. McAttee and Mr. and Mrs. L. E.  
Thomas went to Durham on Tues-  
day.

Mrs. J. M. Hart of Gruver visited  
in the G. B. Combs home Sunday.

## Children's Theatre Offers Experience in Dramatic Craft

For the first time the children of  
Canyon will have a Children's Thea-  
tre, not adults giving plays for chil-  
dren, but the children doing their  
own productions.

Beginning this Saturday morning,  
October 7, and each Saturday morn-  
ing thereafter from 10 to 12 at the  
West Texas Speech Building, all  
children, ages 7 to 12, who are in-  
terested in dramatics will have the  
opportunity to work under Carl  
Michell in a tuition-free program of  
creative arts.

As planned, the program will not  
be simply play acting. It will en-  
deavor to reach the interests of each  
child through a varied program of  
acting, directing, designing and mak-  
ing their own scenery and costumes,  
making and giving puppet shows,  
and doing just about all phases of  
theater work. Through the use of  
drama, the Children's Theatre hopes  
to introduce the child to not only  
dramatic art but to the other art  
forms of painting, speech and move-  
ment.

Under the auspices of the West  
Texas State Speech Department in  
co-operation with the Canyon Com-  
munity Recreation Department, the  
New Children's Theatre will have its  
own director, Carl Michell. Michell  
is remembered here in Canyon for  
designing and directing the college  
production of "Twelfth Night" last  
spring. In addition to his work at  
WT and the Amarillo Little Theater,  
Michell was with the Priscilla Beach  
Theater in Plymouth, Mass. this  
summer and has studied and done  
work at the University of Rome, the  
Academy of Theatrical Design, and  
the School of Artistic Industry, all  
in Italy.

Michell states that productions  
planned include an impromptu pro-  
gram scheduled for mid-winter and  
a major production slated for spring.  
These are of course, in addition to  
the weekly impromptu sessions of  
the group.

For registration or additional in-  
formation call the West Texas  
Speech Department, or come for the  
opening session at the Speech Build-  
ing this Saturday morning, October  
7, at ten o'clock.

## English Workshop Will Be Held at Amarillo Saturday

Four West Texas State professors  
will hold prominent positions in the  
annual English workshop Saturday,  
Oct. 7, in Amarillo, sponsored by the  
English section of District IX, Texas  
State Teachers Association. Meet-  
ings for the one-day session of Pan-  
handle English teachers will be held  
in Recital Hall of the Arts and Com-  
merce Building of Amarillo College.

Miss Loula Grace Erdman, college  
chairman for the workshop, will pre-  
side over the afternoon session. She  
and Dr. Mattie Swayne Mack of  
WTSC serve on the workshop pro-  
gram committee, while Mrs. Ethel  
Gray Shaw is a member of the or-  
ganization's nominating committee.

One of the highlights of the morn-  
ing session will be a discussion of  
"The College Viewpoint" by Daniel  
O'Connor of WTSC. Other morn-  
ing speakers will be President A. M.  
Meyer of AC, Mrs. Vada B. Hall and  
Mrs. E. A. Kimmins of Amarillo,  
and Mrs. Lula B. Owen of Pampa  
High School.

Guest speaker will be Dr. Autrey  
Nell Wiley, director of the depart-  
ment of English at Texas State Col-  
lege for Women, and the sister of a  
former WT faculty member, Dr.  
Margaret Wiley. Dr. Autrey Nell  
Wiley, who has served on English  
workshops throughout the country,  
has traveled in Europe under a fel-  
lowship of the American Council of  
Learned Societies and has done re-  
search in famous libraries in Amer-  
ica and abroad.

Let me have your order for fall  
bulbs. Stevens Floral. 3113

# Wise Mothers FIND NEW RELIEF!

For STUFFINESS, COUGHS of COLDS

Wise mothers know how really effective Vicks VapoRub is when you rub it on.

Now, for amazing new relief when colds cause coughing, upper bronchial congestion, or that "stuffed-up" feeling, modern mothers use VapoRub this special way, too — in steam! It brings relief almost instantly. Put 1 or 2 good spoonfuls of VapoRub in a vaporizer or bowl of boiling water, as directed in

package. Then . . . breathe in soothing, medicated vapors. Every breath eases coughing, relieves that "chokey" feeling. For continued relief—even while you sleep—rub it on, too.

**VICKS VAPORUB**

Use it in steam—Rub it on, too!

# Juniper's 'Jukebox' Begun Sunday Noon

DR. WALTER JUNIPER

Going "way back to the Roaring 1920's" for his program material, Dr. Walter Juniper, Dean and Professor of Latin at West Texas State, returned to the air with "Jukebox of Yesteryear" Sunday noon. In this "overgrown hobby" Dr. Juniper reviews the tunes and comical recordings of the "good old days."

Jukebox of Yesterday, which some wag has dubbed "radio's most remarkable combination of class and corn," is the brain child and hobby of Dean Juniper. This year it enters its fourth season on the air, its second on KGNC. The project began in 1947 when the Junipers on vacation found a cache of 40 old phonograph records in the home of Mrs. Juniper's parents, and decided to become "platter-bugs," as record collectors are called. Since then the original collection of discs has swelled to some 1600 titles, with a goodly number of the records added during the past summer—gifts of KGNC listeners.

Boasting an array of "talent" never before displayed on a single radio program, the Dean presents each week the great and near-great entertainers from the vaudeville theater, and concert stages of yesterday. "These are voices," Juniper commented recently, "that folks remember and are glad to hear again. And youngsters who don't remember them tell me they get a bang out of hearing them for the first time."

KGNC's "disc jockey unusual" opened his first program as he has opened each series, with a 30-year old recording of the number one song on the Hit Parade of 1920,

"Whispering," as played by King of Jazz, Paul Whiteman and His Ambassador Orchestra.

The Canyon dean plans a series of 35 weekly half-hour programs for this year, to begin with the first Sunday in October and to continue through the last Sunday in May. As last year, the series will be so arranged as to present a composite picture of the years 1920-1929. Each week Juniper will be on hand with notes on every conceivable subject, from bobbed hair and short skirts to the stock market crash of Black October 1929.

To carry the theme of the 1920's as reflected by popular recordings, Juniper will through the season present a special series of 11 shows featuring the years of the Dizzy Decade and the first half of the Dismal 1930's. This series the dean has named his "20-30" Club, each number of which will take a single year and feature recordings of that year along with news highlights both world, state, and local. The first of the 20-30 Club series, scheduled for October 15 is titled "The Year of the Sheikh's Demise"—1926, and will recall the death of the screen's "greatest lover", Rudolph Valentino, in August of that year.

Pleasing his listeners seems to be Juniper's guiding principle as he pursues his hobby of radio and makes his plans for the coming year. Meticulous preparation is the key note. As far back as two months ago, the dean completed a detailed outline of his programs for the next 35 Sundays. Each program receives an average of 12 hours of preparation including research in the library, writing, re-writing, and timing the final script to the second before Juniper steps before the microphone for what he likes to call his "Sunday afternoon visit" with his friends and music lovers.

## Artisan Furniture Mfg. & Upholstering Aids Home Beauty

The interior decorating field is highly specialized and a service that means so much to the beauty and taste of the modern home. In these modern times the wise home owners avail themselves of the counseling service on home decorations such as that offered by the Artisan Furniture Manufacturing and Upholstering Co., at 2920 West 6th in Amarillo.

Our community is most fortunate in having such a complete upholstery and drapery service specializing in those things that make the home attractive because of complete harmony of the furnishings, walls and accessories. The Artisan counseling service is so well known that many of their customers are from towns, cities and communities several hundred miles from Amarillo, because they offer a complete upholstery service featuring hundreds of different patterns in fabrics. The selection of materials for re-covering furniture and matching or harmonizing of drapes is one of the most complete in the Southwest. There is such a difference in draperies that are made special and the cost over the ready-made and ill fitting ones is very little compared with the added taste, beauty and wearing qualities.

The next time you are in Amarillo be sure to drop into the Artisan Furniture Manufacturing and Upholstering Co. and see the many new patterns in fabrics for reupholstering your divan or that favorite chair and matching and harmonizing patterns for new draperies that will make your home the attractive place that you want it to be.

## C. E. Neel Is Noted For Good Used Cars

Dependability is the first consideration in the purchase of a used car, and people who deal with C. E. Neel, located at 205 Buchanan in Amarillo, are assured on that point above else. No used car is allowed to leave the lot unless it has been placed in perfect running condition, and has been thoroughly checked for any defect which might inconvenience the buyer. In addition to this careful attention before the sale is made, the customer has the added advantage of a guarantee which protects him in every possible manner against all trouble of any kind for the duration of his guarantee.

The people of the Panhandle are coming to realize more and more that only by dealing with dependable used car men such as C. E. Neel at 205 Buchanan in Amarillo can they be assured of complete satisfaction.

It is a pleasure to recommend such a concern, and our many readers will learn after their first experience with Mr. Neel, just what it means to do business with a firm which considers every customer a friend, and goes to every length to maintain the finest reputation of any firm in the used car field. We are sure that you will be pleased with any transaction you acquire from C. E. Neel in Amarillo.

## Tom & Roy's Gun & Key Shop Brings Joy To Many

To everyone who enters Tom and Roy's Gun and Key Shop, at 210 West 6th, in Amarillo, is imparted the feeling that he must enjoy more of the great out of doors. At Tom and Roy's you may find the proper equipment for most any popular sport of the day. It has been said that we must all have a hobby, and we suggest you let them assist you for your favorite pursuit. Experienced personnel, many of them sportsmen in their own right, will gladly cooperate with the novice seeking information regarding the proper selection of sporting goods items.

Perhaps you enjoy game hunting. At Tom and Roy's Gun and Key Shop you will find rifles that will give you an amazing degree of accuracy, beautiful in balance and strongly built. Their selection of shotguns has been called the most complete in the state and have been the source of joy to many of our local hunters. The gun shop is currently being highly patronized and has gained an enviable reputation for the repair of rifles as well as the mounting of telescope sights.

Tom and Roy's are the dealer for the Kelson Kraft line of boats which are made of strong plywood and covered with that tough and lasting material Fiber Glass, also have a complete selection of Mercury outboard motors and give the best of service on this popular motor.

This store at 210 West 6th, in Amarillo has long been headquarters for sportsmen of this district and has well merited the patronage and the good will of the people of this section.

## Homecoming Planners Meet

Tentative plans for the 1950 Homecoming were established at a meeting of the Homecoming steering committee Monday afternoon. Presiding over the meeting was Dr. Lee Johnson, committee chairman.

Before setting up the '50 program, problems that had confronted the committee last year were discussed and efforts are being made to eliminate them so that the different segments of the committee may function more smoothly.

In the tentative slate, the festivities would begin Friday night, October 20, with the annual gridiron tangle between the WT Yearlings and the Hardin-Simmons freshmen eleven. Following that will be the traditional Homecoming bonfire (held after the game this year so as not to interfere with the Frosh game attendance).

Saturday morning at 9:15, Dr. J. A. Hill's Memorial Chapel will be dedicated. At 10:30 the annual parade from the city square to Buffalo Stadium will be staged, and at 11:30 the barbecue will be served to the several thousand exes and visitors.

A meeting of the members of the Ex-student Association will be held at 1 o'clock and at 2:30 the Buffaloes tangle with Sam Houston State College, Huntsville, in the annual Homecoming War.

Immediately following the football

game, various clubs and organizations on the campus will have their reunions, both on and off the campus. There will be a western dance in Burton Gym at 8 o'clock and another dance will be held in the Cafeteria.

### THE DIFFERENCE

Teacher: Johnny, can you tell the class how much difference there is between the words "notorious" and "famous?"

Johnny: Offhand I'd say just as much as there is between the smell of limburger cheese and that of a rose.

### RIGHT

"Now Johnny," said the teacher, "can you tell me what a hypocrite is?"

"Yes, Miss," replied Johnny: "It's a boy what comes to school with a smile on his face."

### WANTED TO KNOW

Miss: "You serve on the left and take the plates away from the right."

New Maid: "Why? Superstitious or something?"

### BRING YOUR OWN FLOWERS

George M., son of Prof. and Mrs. E. S. M., is now connected permanently with the funeral home, where he will be pleased to see his friends.

### BROKE

"So you've just got back from your holiday. Feel any change?"

"Not a cent."

## This Winter

Winter can be tough on you . . . but tougher on your car! Sub-zero temperatures slow your starts, cut down your power. Corrosive combustion acids—created by winter driving—cause extra engine wear that cuts down your gasoline mileage.

That's why it's so wise to protect your engine with the winter grade of new Conoco Super Motor Oil.

Protected!

Ask Your  
Mileage Merchant About:  
"50,000 Miles  
No Wear!"

©1950 CONTINENTAL OIL COMPANY

75th ANNIVERSARY 1875 - 1950

Change now to the amazing new Conoco Super Motor Oil . . . proved by two winters' testing in the freezing cold of the Colorado and Montana mountains to be the great new winter wear-fighter! Conoco Super Motor Oil safely gathers up acids and harmful moisture . . . flushes them out of your engine when you drain!

Want instant starting, lightning pickup, surging power? Then drain and refill with the winter grade of new Conoco Super Motor Oil.

- Early in December.
- Tibet.
- Commander in North Africa and Italy.

### EMBARRASSING!

"I'm very happy to inform you that your husband has passed the crisis," said the English doctor to a woman whose husband was seriously ill.

"Passed the crisis?" she demanded: "You told me 'e could not live a week."

"Well I'm going to cure him, after all," said the physician. "Surely you are glad."

The woman nodded slowly. "Guess so," she admitted, "but it puts me in a bit of an 'ole. I've bin and sold all 'is clothes to pay for the funeral."

### WHO PAYS?

The preacher came along and wrote upon the sign board:

"I pray for all."

The lawyer wrote underneath: "I plead for all."

The doctor added: "I prescribe for all."

The plain citizen wrote:

"I pay for all."

Help Keep Canyon Clean!

## Herring Garage and Storage Is Boon To Motoring Public

Satisfactory service is not only the motto of the Herring Garage & Storage, Inc., at 200 Pierce in Amarillo, but this motto is backed by a reputation that has proved to motorists that the result of good workmanship does keep car maintenance costs at a minimum.

No matter what make of car the reader drives, or what reputation it may have for service dependability, the years of service obtained from it depends largely on the extreme care and class of service rendered its upkeep by first class automotive technicians. You can drive your car into the Herring Garage & Storage at 200 Pierce in Amarillo at any hour of the day or night, and have it completely repaired. Everything that can be done by modern machinery will be perfectly done, whether the work be motor tune-up, generator, starter repairs or complete motor overhaul. In addition they are noted for their outstanding auto body rebuilding department.

This garage offers the very best of facilities for storage as it is a good building and particular attention is paid to this feature of the business. The men employed to look after your car are careful and honest, and very great care is exercised to see that it is not scratched or marred.

It is proper and fitting that we pay this public tribute to "Mac" McClain, the able manager and operator, on his 20 year record of experience in the automotive field and wish for him and his Herring Garage and Storage many years of prosperous business.

## No Bargain Rates on Amarillo News For This Holiday

There will be no bargain subscription rates on the Amarillo News this year, according to announcement made by the circulation manager.

"Our subscription rate of \$13 per year is the lowest rate of any daily in the country, considering the size and quality of the paper. The scarcity of news print; advanced prices of production, labor, postage, ink, and everything which goes into a newspaper, makes it impossible for us to put on the annual bargain rate," was the answer given the Canyon Newsman in answer to a question in regard to holiday rates.

Citizens of Randall county may secure the Canyon News and Amarillo News for \$14.50 per year; those living outside of Randall county will pay \$15.00 per year for the two papers.

In order to avoid confusion at the end of the year subscribers should send in their renewals at once.

### BIG UNDERSTANDING

"I suppose," said the recruit to his new chum, "you used to do big things in civil life."

"I did that," was the answer. "I had a job washing elephants at the zoo."

### THAT'S SOMETHING

Customer: "Have you anything for gray hair?"

Conscientious Druggist: "Nothing but the greatest respect, sir."

## Suzanne Stephenson-Dick Barrett Were Married Sunday Afternoon

MR. AND MRS. DICK BARRETT

The R. T. Ziegler home at 1001 5th Avenue was the scene of the wedding of Miss Suzanne Stephenson, daughter of Mrs. Earl H. Stephenson, and Dick Barrett, son of Mr. and Mrs. J. R. Barrett. The double ring ceremony was read by Rev. Herschel Thurston at 4:00 p. m. on Sunday, September 24.

Mrs. Beulah Starnes of Lubbock, cousin of the bride, presided at the recordings of "I Love You Truly," "Because," and "At Dawning." "O Promise Me" was played during the exchange of vows. The traditional wedding march was used.

Vows were exchanged before the mantle which was centered with an arrangement of white gladioli and chrysanthemums and flanked by candelabra entwined with greenery.

On the floor in front of the fireplace was a basket of chrysanthemums and gladioli.

The bride's only attendant was Katie Furlow, her cousin, who was attired in a dress of grey satin complemented with blue lace mitts. Her tiara was of yellow feathered carnations and she carried a colonial bouquet.

Given in marriage by A. C. Thompson, her great uncle, the bride wore an ice blue satin street length dress styled with a fitted bodice, Peter Pan collar, and a gathered skirt. Her bouquet was white roses centered with an orchid. She wore blue lace mitts and a tiara of white feathered carnations.

Richard T. Ziegler, brother-in-law of the groom served as best man.

Paige Carruth and M. E. Rhoads were ushers.

For her daughter's wedding Mrs. Stephenson chose a brown nylon crepe dress complemented with toast accessories. Her corsage was of white gardenias.

Mrs. Barrett was attired in a dress of brown brocade taffeta with black accessories. Her corsage was of white gardenias.

Mrs. J. R. Barrett, mother of the groom, and Mrs. R. T. Ziegler, sister of the groom, entertained the bridal party and guests at a wedding supper in the Ziegler home. Decorations featuring the bride's colors of blue and yellow were used throughout the house. After supper the bride cut her cake and Mrs. Ziegler poured punch. The bride's table was centered with a miniature bride and groom on a reflector, completed with veiling and baby breath. White tapers flanked the arrangement.

Assisting in the house party were Mrs. Clyde McElroy and Mrs. T. E. Ziegler of Canyon, Mrs. Beulah Starnes, and Mrs. George Gibson of Hereford.

For a brief honeymoon the bride chose a navy suit with pink and black velvet accessories. She wore an orchid corsage.

Mrs. Barrett is a graduate of Canyon High School and attended West Texas State. Mr. Barrett also graduated from Canyon High School and has attended West Texas State.

The couple is at home three and a half miles northwest of town where he is engaged in farming with his father.

Out-of-town guests were Mr. and Mrs. George Gibson, Mr. and Mrs. A. C. Thompson of Hereford, Mrs. Beulah Starnes of Lubbock, Mr. and Mrs. Ira E. Brown of Dimmitt, Mr. and Mrs. J. H. Cox, Mr. and Mrs. C. R. Hazelwood of Amarillo, Mrs. Allene Langford of Fort Worth and Mrs. R. L. Blissard of San Diego, Calif.

## Insurance Bank Deposits Boosted to \$10,000.00

Bank deposits are now insured up to the amount of \$10,000 instead of \$5,000. This change was brought about by a bill signed by the President which authorized the Depositors Insurance Corporation to be responsible for deposits up to \$10,000 in case of a bank failure.

The insurance corporation has a vast amount of money on hand which has been collected from the banks of the nation. There have been very few bank failures since deposits were insured several years ago, and in all such rare cases the depositors were promptly paid off, and suffered no loss or inconvenience.

President W. C. Black of the First National Bank is highly pleased with this increased safety which is given to depositors. The added security will mean much to the banking business and strengthen the faith in banking institutions throughout the nation.

## Wide Opposition to Socialization Medical Group

It is frequently argued that most of the opposition to either socialized medicine or government-controlled medicine originates within groups whose motives are entirely selfish, and who are completely without interest in the welfare of the masses of people.

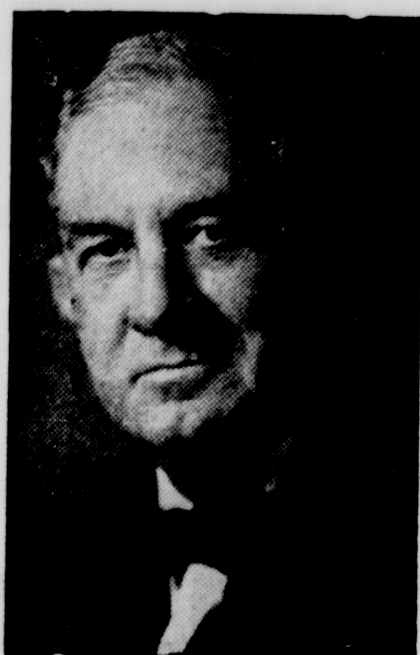

That argument cannot withstand the light of fact. Current proposals for government medicine have met with the formal opposition of 15 state legislatures, and the amazing total of 10,000 national, state and local organizations. Among these are the General Federation of Women's Clubs, the American Legion, the Veterans of Foreign Wars, the American Bar Association, and the American Farm Bureau Federation.

To say that organizations of this character are inspired by the selfish considerations of a few people is to say the ridiculous. They represent millions of individuals, of all political faiths, and of all the economic levels. They agree on the issue of government medicine for one reason—their belief that it would reduce the quality of medical care, that it would place a tremendous and unnecessary burden on the taxpayers, and that the growth of our established system of medical care, along with the many voluntary insurance plans, offers the best available solution to our health problem.

Those who would socialize, or otherwise regiment the practice of medicine, work on the theory that if a roof leaks, the solution is to burn down the house. That there are gaps in our medical care system goes without saying—and doctors are among the first to realize this, and to take measures to close them. In recent years, enormous progress has been made. The future will bring greater progress still—if the hand of the politician can be kept off the back of the doctor.

Thirty more Victory ships activated as military transports.

## Tom Connally Praises Free Press Nation

"Our free press is one of the most cherished democratic rights we enjoy, and its value has never been more evident than now."

"I believe that our small newspapers in Texas render an especially vital service by keeping us informed about local issues and viewpoints, thereby supplementing the wider coverage and elaborate facilities of our splendid city dailies."

"Again and again we observe that the first act of any totalitarian regime is to throttle free speech and control the press. They well know that oppression cannot long survive when free, unbiased news and knowledge are disseminated to the people."—U. S. Senator Tom Connally of Marlin.

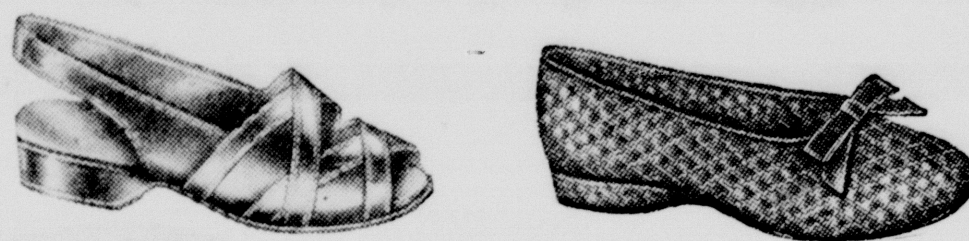

Harold W. Dodds, president, Princeton University: "I suggest that the United Nations turn its attention to the rapid accomplishment of complete disarmament, not merely to the abolition of A-bombs and H-bombs."

Paul H. Griffith, Assistant Secretary of Defense: "The present action of our land, naval and air forces... has proved all that has been claimed for unification."

When classes end...  
comfort

## Read Your Bible Week October 16-22 Is Urged

Millions of Americans will be urged to read and reread the Bible in the near future. The occasion is National Bible Week, October 16-22, which is sponsored by the Laymen's National Committee.

The Week will have, as participants, persons of all faiths and creeds. It is designed to appeal to people of every age and in all walks

of life—the housewife, the factory worker, the farmer, the businessman, the professional worker. Governors and mayors and others will issue proclamations asking that all turn again to the Holy Scriptures.

We live in a world which seems to have become almost utterly materialistic—a world in which the black shadow of war is seen once more. Yet in such a world matters of the spirit remain all-important. General Bradley, the chief military officer of the nation, has written, "Our enemy has faith in things material. I do not hesitate to say, as a soldier, that we must have faith in things spiritual. That faith diminishes physical hardships and enhances physical valor. It can—and, I am sure, will—shorten our trial and speed our triumph."

The lessons of the Bible are eternal. They can serve us all in these difficult days.

Paul G. Hoffman, Economic Cooperation Administrator: "Nations that have to be bullied into compliance will not prove to be the kind of friends that are necessary when the fighting gets tough."

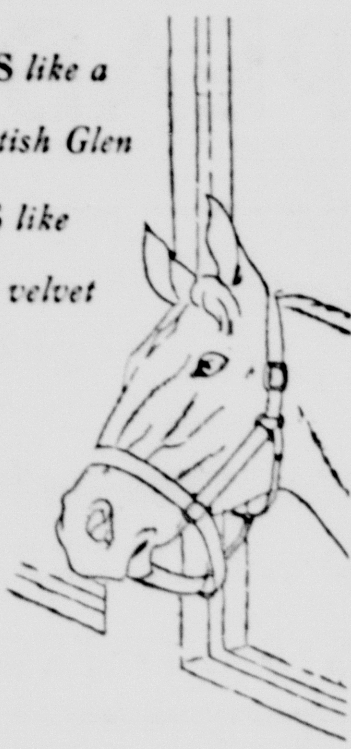

Albert J. Fitzgerald, president, United Electrical, Radio and Machine Workers of America: "We must not have blind adherence to every solitary thing Harry Truman proposes."

William Green, president, A. F. of L.: "Stop shipping goods to Russia from America because it will use them for the purpose of preparing for war."

## "Beauty and the Beast" to be Given Wed. By Clare Tree Major Troup

Beauty is warned by a dream that the Beast is dying of loneliness because she has not returned to the palace as she promised. Using a magic ring, she is transported to the pavilion where the poor Beast lies at the point of death, in the Clare Tree Major Children's Theater production of "Beauty and the Beast" which will be seen here on Wednesday, October 11 at the West Texas State Administration Building Auditorium under the sponsorship of A. A. U. W.

## Johnson Gives High Praise to the Newspapers

"Clear thinking is at a premium in our world today, but the thorough coverage in honest presentations of the American Press has made the American citizenry the best-informed, clearest-thinkers in the world. Freedom without a free press cannot exist; with the free press, freedom will not be lost."—U. S. Senator Lyndon B. Johnson of Johnson City.

Foreign ministers of Britain and France balked at making big new commitments, calling for large-scale expansion of their own defense efforts. The impression was left that Europeans want, first, to see whether there is to be a big new Marshall Plan of weapon handouts from U. S. before increasing their own efforts too much.

Dean Acheson, Secretary of State, is finding it hard to get messages through to top leaders in Communist countries of the world. Instances are turning up in which ambassadors from those countries, out of fear of personal consequences, are failing to deliver statements given to them by this Government. Communist dictators don't like to get bad news.

Charles F. Brannan, Secretary of Agriculture: "It may yet be necessary to support the price of hogs despite the lack of a workable method for doing so."

Now is the time to put out peonies and poppies. Stevens Floral. 3042

## More Funds Are Needed to Finish Memorial Chapel in Shape As It Was First Planned and Designed

On Saturday, October 21, from 9:15 to 10:30 a. m. the beautiful Memorial Chapel on the campus of West Texas State will be dedicated in an appropriate ceremony. Organ music and an address by Dr. Roy C. Snodgrass, Dean of Brite College of the Bible, Texas Christian University, Fort Worth, will be leading features of the program. Also there will be music by different college organizations. The occasion is expected to be highly inspirational and the general public is invited to attend, particularly all who have made contributions to this project. Formal printed invitations will go out soon to all donors whose addresses we have.

If the weather is favorable, we plan to arrange outdoor seats for the overflow crowd and the program will go out over the amplifiers.

There may be a few unfinished features in and about the building because of the lack of funds. As of the present we need around \$1200 to finish everything "in apple pie order." Unforeseen needs and the rising costs of construction have created this deficiency. However, the project will be dedicated debt free. The State Auditor is now making up his report and it will be published on the day of dedication.

There is one pew (only one) available as a memorial. The other 23 have been paid for and the bronze plates for all memorials are now being made. There are more than 50 in all. The pews cost \$110 each.

Other remaining memorial possibilities include one outside door at the entrance too the minister's room, \$150; one art glass window in the Prayer Room, \$200; one inside door between the minister's room and the sanctuary, \$150; the Bride's room and its furniture, \$300; and the organ grill, \$150. Landscaping possibilities run as high as \$1,000, but we would be glad to make the grounds a memorial to someone for \$500.

But you don't have to make a memorial gift. More than 550 people have made contributions without request for memorials. These range from \$1 to \$1,000. Your donation will be greatly appreciated regardless of the amount, and it will help to complete what people are saying is the most beautiful building on the campus. Make checks payable to West Texas State Chapel Fund and mail to Tom Langston, Secretary to the President, or to J. A. Hill, Canyon, Texas.

J. Howard McGrath, Attorney General, finds himself in a strange position, pressing antitrust suits against corporations that the Government now wants to get together, in spite of antitrust laws, to speed the arms effort. Resignation of Herbert A. Bergson as head of Antitrust Division of the Justice Department is taken as a hint that antitrust activity may become less intense.

President Truman is being urged to use part of a 600 million dollar fund, given to him by Congress, to underwrite construction of a steel industry for New England. The President also is urged to use part of the same fund to go ahead with plans for completing the St. Lawrence Seaway.

Gen. Hoyt S. Vandenberg, Air Force Chief of Staff, is running into more questions about the state of U. S. defenses against possible air attack. Complaint is heard that the Air Force put almost all of its effort on big bombers, next to none on defense, while Russia stressed defense first, bombers second.

Over in Mississippi a hen laid an egg with another one inside of it. This poses a brand new question: "Which came first the egg or the egg?"

# Holds Everything...on any

No matter how steep the grade . . . you can park your Chrysler and it won't roll. With Chrysler's new "Easi-Lock" Parking Brake you have three times ordinary braking power. Yet only one-third the effort is required to pull it on with your finger tips. Nothing you've ever used equals its ease and sureness. No straining—yet once it's on, nothing can budge your car. It's just

one more new advantage that puts Chrysler still further ahead. Just one more good example of the built-in value all the we believe will make you a Chrysler buyer for life. Cor demonstration that will prove you can't beat Chrysler worth through and through.

## New Easi-Lock

...with 3 times ordin

Amazing Chrysler engineering development. Only 1/3 the hand pull required. New internal expanding parking brake is self-energized to multiply effective braking power. Completely enclosed. Mounted on propeller shaft—independent of wheel brakes—the safest, surest brake you've ever used.

See it—drive it . . . there's built-in value all the way through!

### Chrysler Driving Advantages:

Fluid Drive . . . automatic gear shifting with exclusive car control! High Compression Spiffing Engine . . . extra power at all speeds. Superfinished parts for longer life. Chemically treated cylinder walls for far greater wear! Waterproof Ignition System . . . prevents stalling in flood or storm. Full Flow Oil Filter keeps oil clean longer.

### Chrysler Comfort Advantages:

Chair Height Seats . . . no crouching on the floor . . . Functional Design . . . room for your head, legs, shoulders. Easy to enter and leave. Center-arm Steering . . . minimizes road shock, wheel fight. Rubber Body Mountings . . . Floating Power . . . eliminate vibration, help give softest, smoothest ride in history.

### Chrysler Safety

"Easi-Lock" Hand Br on any hill. Safety R tires after blowouts. Speed Windshield Wip —won't slow down v Guard Hydraulic Bra brake power, smooth

## PASS THAT SUBJECT!

What is your excuse for not passing that "certain" subject? Is it because the credit isn't needed for graduation? Or just what is it?

Maybe your reason is because it is just easier not to pass it. It might even be that you aren't planning on failing. It is possible to fail a subject without wanting to if you don't work at it.

The teacher's viewpoint is different. A teacher would like to have a record of 100% passing grades, more preferably all A's and B's.

Through our determination to work and then doing the work, we can raise those grades to a passing level.

Work! Try to make that certain subject a subject with passing grades.

## LAW AND ORDER

On Wednesday, patrolman Charlie Oates visited the two civics classes where he explained the rules and the plan for law enforcement in Canyon.

The present subject in Mr. Garrison's civics class is the different sections of city government. Committees have been chosen to study the phases of city development. These committees include taxes, water, gas, telephone, recreation, and law enforcement. The students have been visiting the different offices that were assigned to their committee.

## CLEAN CAMPUS

Starting classes this year, students discovered that the school interior was repainted in numerous locations and the grounds outside were very tidy. There are two aluminum colored barrels in front of the CHS building for rubbish. "Be a sport" and use these receptacles.

New grass has been planted on the lawns in front of the campus. This grass will survive and continue to look nice if the students will walk on the sidewalks.

Overall our school is in good condition. Try to keep it that way.

## THE OTHER FELLOW

Are you charitable?  
When shoved against the banisters by some hurrying schoolmate, are you the first to say "Pardon me" or do you grumble? If a teacher assigns a test for Friday do you smile and say that you will be ready?

Most people are more than glad to contribute money or goods to any charity organization but when it comes to applying that simple everyday virtue at home, at school, at work or play, most of us fail.

We do not stop to think that perhaps a kind word will do the same amount of good as a dollar toward making someone happy. A pleasant smile given to a downcast person can send his spirits soaring to the skies.

If we find that one of our classmates has done wrong do we jump to conclusions and shout the deed to every passer-by or do we have compassion and put ourselves in his place? If some bad luck comes our way do we make the most of it and not burden our fellowmen by our righteous claims?

Charity is hidden; we must bring it out of the dark chambers of our hearts into the light in our faces, actions, and words. Charity is a leading virtue indeed, for the greatest writer of all times, Paul, has said, "But the greatest of these is charity."

## Senior Vignette

Hurrah! Football is in full swing again and for our first two senior personalities we have the football captains of 1950-51, Robert McClen-don and Bob Busted.

Robert is known around school for his sense of humor and friendly smile. He says his favorite pastime is loafing, his ambition is to be a millionaire, and his ideal person is Mr. Ray Schultz, his senior sponsor.

Bob is recognized by his cordial laugh, mischievous blue eyes, and, of course, his beard. Bob's favorite pastime is hitch-hiking—anywhere. His ambition is to see the world and his ideal person is his father, Dr. R. C. Busted.

The Eagle's Tale along with the student body offers its "congratulations" to both Robert and Bob and wish them luck through this football season.

Mr. Miller found a mosquito in his office the other day as big as a fly. He said at the rate they were growing, he would soon be able to send them out for football.

The District I-A basketball tournament will be held in Phillips on the 15, 16, 17 of February.

Build, Buy, Live in Canyon!

Do the new students of Canyon High want to become a real part of our school? Of course they do! Let's all help them by encouraging them to take more active part in pep rallies. In Friday's assembly a few were noticed who made no attempt to join in the yells because of not knowing them. Here are two new ones:

We got the T-E-A-M team.  
That's on the B-E-A-M beam.  
We got the team on the beam  
With plenty of steam!

Hi—!!  
W-E-L-C-O-M-E, welcome!!

If the band accompanied the student body when the school song is sung at football games, more spirit would be aroused in support of the Eagles.

Commendation is due the junior class in its sale of magazines last week. Over 1300 dollars was collected, and the contest continues through October 6. Many fine Canyon citizens supported the juniors by saving their subscriptions for them.

Enthusiastic support of our last year's Student-Faculty Congress president, Richmond Payne, was evidenced by the student body in Friday's assembly. Richmond will serve until a new president is elected.

Freshmen and seniors exhibited admirable sportsmanship during last week's initiation.

Messy halls and classrooms are a reflection not upon teachers or administrative officers, but on the students themselves.

## Massey New Line Coach

Cecil Massey, Canyon's Recreational Director, may be more recognizable to you as the slightly confused Tullia football player who visited Canyon High.

Mr. Massey graduated from Stamford High School, and attended college at Baylor where he lettered three years at right tackle for the Bears. In the Dixie Bowl at Birmingham, Alabama, 1948, he played under Frank Kimbrough, who was then head football coach at Baylor. After receiving his degree in Business Administration and while working on his Masters Degree in recreation and dramatics he was freshman line coach for the Bears.

While working at Tin Top to gather material for his thesis he was a recreational field specialist for the Rockefeller foundation. Tin Top is a small rural community and Mr. Massey, who types by the two-finger method, still tells of the six times he had to copy his 106 page thesis and the callus he got on his two point fingers.

## Home Ec Classes Hold Nursery

As climax to a four week study of child development, freshman home-making classes have held a nursery school. All three classes cooperated in preparing for and conducting the school.

This play school gave the girls an opportunity to observe the way different age groups react in playing with other children, and was a fitting climax to an interesting course of study.

Each girl made a toy such as a rag or sock doll, a doll dress or stuffed animal. Old department toys were remodeled and others were brought from the girls' homes. For the nursery, the fitting room of the home making department was made into a small scale house. Little chairs, tables, a small refrigerator and stove, all added to the atmosphere of the play house.

All the classes told stories to the different age groups which ranged from two to five. A music period was conducted for the older children. The nursery was conducted in free play periods instead of group play. Little animal crackers and grape punch was served to thirty-one children.

Editor of the first Eagle's Tale, Roger Shook, was killed in a plane crash late Saturday. Mr. Shook was the son of Mr. and Mrs. J. W. Shook of Canyon.

Omar N. Bradley, General chairman, Joint Chiefs of Staff: "We will protect and maintain our form of government and our way of life against any challenge and at any cost."

## Make Dreams Come True

DR. CHESTER SWOR

"He who dreams a high dream goes high. He who dreams a low dream usually does not go high in life. He who does not dream attains success only by accident."

This was the main thought in a speech made by Dr. Chester Swor, noted lecturer from Jackson, Mississippi, before the high school assembly on Monday morning.

Dr. Swor, an English teacher and the Dean of Men in the Mississippi college, spoke of the necessity of choosing a vocation. He gave several examples of young people, some of whom chose vocations and some who did not. "A vocational dream is necessary, success never comes accidentally," Dr. Swor stressed the importance of a plan for the future.

He gave as the most important steps in attaining success these three things: a dream, a high dream, and the will power to stick by the dream.

Dr. Swor praised the English teachers as "the most misunderstood race of people." He also said they were the most over-worked and unappreciated of all teachers.

## Relax, Freshmen Initiation Is Over!

Ooooo! Don't put that liver in my shoe, please! Hey, you look horrible. If I hear "Filibuster" one more time I will die!

These were the shrieks ringing through the halls Thursday and Friday when "unmerciful" seniors initiated all "underprivileged" freshmen.

The frosh girls looked horrible, due to their "senior sisters" fixings, some wore pajamas, galoshes with liver in them, and an extreme lot of make-up. They furnished their "sisters" with candy, gum, and cooking, between classes. They also carried their "sister's" books.

Girls rolled down the street, made speeches in the cafeteria offering their services as baby sitters to the Schultz's, auctioned bread off, and gave yells for the Eagles while snake dancing.

An extra friendly "hello" was not the only unusual thing about the freshmen boys Thursday morning. They came to school dressed completely in their (pardon the word) pajamas.

Friday morning the boys wore dresses and a combination of one high-heeled shoe and one low-heeled shoe. Make-up also added to their somewhat unusual appearance.

The senior boys sported brightly shined shoes all day Thursday and Friday—freshmen boys were required to bring shoe-shine kits. The senior boys also were well-stocked on candy and gum.

The Senior class wishes to extend its welcome to the freshmen class as members of Canyon High School.

## Pep Rally Friday

The rafters of CHS fairly shook Friday morning as students lustily cheered for an Eagle victory against Sudan. New and old yells were led by our cheerleaders after a short pep-talk by their sponsor, Mr. Carroll. Mr. Carroll urges all students and friends to buy car plates and tags from the cheer leaders to help pay for their beautiful new uniforms. Hearty renditions of "Our Boys Will Shine Tonight," "Onward Eagles," and the school song displayed the great spirit of the students.

Amid thundering clapping of hands and cries of "Speech! Speech!" Coach Murray expressed his faith in our team and appreciation for our support of the Canyon High School Eagles.

"Every member of Congress needs to be ever on guard against those sly, scheming collectivists who hope to use the war emergency as a cloak under which to fasten Socialism or Fascism on our nation."—Wilford I. King, Chairman, Committee for Constitutional Government.

Help Keep Canyon Clean!

## From Silhouettes To Pioneer Homes

When did your grandfather come to the Panhandle? Where did he settle?

Such questions are flying in Mrs. Jones's fifth grade room as the children begin an unusual project on the history of the Texas Panhandle. Discussions of the pupils' family histories and a talk by Mrs. Ed Harrell, a pioneer of this area, will add color to the study. The children are collecting relics and pictures for a historical museum and are completing plans to build an early home and its surroundings.

The boys in Mrs. Usery's third grade have painted chairs in their reading circle a lovely cocoa brown, and the girls will finish the project by making slip covers.

Children in this class have been trying to satisfy their curiosity as to the length of their shadows at different times of the day. They traced the shadows of two boys of identical heights at 8:45 a. m. and again at noon. These contrasting silhouettes now hang in the third grade.

History of civilization, primitive and modern, is the project of Mrs. John Davis's reading class. The students have constructed a beautiful plaster of paris cave to illustrate the home and life of earliest man. A pyramid and miniature village will be erected to show the development of civilization in Egypt.

This group is divided into committees. These committees will bring surprises to the rest of the class and work on different phases of a mural depicting ancient times.

## Sudan Clips Eagles 13-12

The Fighting Canyon Eagles dropped their third game of the season to the Sudan Hornets. Sudan sported an uncrossed goal line previous to their meeting with the Eagles. Sidney Plant intercepted a pass on Canyon's 40 yard line and raced 60 yards for the first touchdown of the game. Butler's try for the extra point was low. The Sudan Hornets were not to be out done and came back with Whitney going 42 yards to score. Whitney then drove over the deciding extra point. The half ended Sudan 7, Canyon 6.

Both teams came back strong in the second quarter. Sudan marched to the Canyon 3 yard line where Crouch plunged over for the touchdown. The Eagles dominated the fourth quarter with John Miller climaxing a long drive by plunging over from the four yard line. Burrus's try for the extra point was wide.

Jimmie Cornette, regular center, received a broken arm late in the second quarter. Jimmie has played a fine brand of ball for the Eagles and will be missed.

The Eagles have an open date next Friday, October 6, giving them two weeks to get ready for the Clarendon Broncs.

## Keeping Up With Football Rules

Many changes have been made in the football rules for the 1950-51 football season.

Some of the changes are these:

1. No outsider may be within 5 feet of the boundary lines; 2. hazardous markers or obstructions are prohibited within the playing enclosure; 3. knee braces of hard material are permitted if covered with one-half inch soft padding; 4. the fair catch has been abolished; 5. a time out is mandatory if a team recovers and downs its own free kick in the field of play; 6. each team may have five, instead of four, time-outs during each half without penalty; 7. a free time-out is prescribed when a substitute enters while time is in instead of a five yard penalty; 8. a violation of the substitution rule will result in a penalty for illegal delay; 9. during an excess time out, only a designated injured player may be replaced by that team; 10. a player of the receiving team must be allowed to catch any kick without molestation; 11. there will be no "offside" penalty when the snapper moves the ball illegally; 12. interference with play is prohibited by substitutes.

The prayers of an old man are the only contributions left in his power.—Thomas Jefferson.

## Seniors Order Standard Ring

Tradition begins this year as the seniors order rings standardized for the next four years. The rings have an oval red stone as a background with a lovely crest of a proud eagle perched upon a C, on top of the stone. The words "Canyon High School" outline the stone. Truth, loyalty, courage, honor, service and knowledge adorn the sides of the ring, with a lamp of knowledge and the year of graduation.

The Starr Engraving Company has assured Canyon High School that no other school in Texas will have the same ring. Starr Engraving will also give Canyon High two rings to put in the trophy case so everyone will get a good look at them.

## Eagles Lack Experience But Full of Fight

The 1950 edition of the Eagles lacks the experience and weight of the 1949 District Co-Champs. The 1949 "A" team had two two-year lettermen, twelve one-year lettermen, six boys up from the "B" squad, and one inexperienced boy at the beginning of the season. This season appear two two-year lettermen and only four one-year lettermen. The rest of the "A" team is composed of twelve "B" team inexperienced boys and three inexperienced boys.

Gone are such stars as little Joe Abbott, Bruce Winn, hefty Bill Hall, and Norris Root.

The returnee lettermen are Robert McClen-don, two-year letterman and this year's Co-Captain, Bob Busted, one year letterman and Co-Captain, Ray Burrus, Harrell Slack, and Dwain Currie, all one-year lettermen. Also back is Garland Butler, two-year letterman and "All Regional" quarterback.

It takes time to build a winning team. Canyon has the material and the coaches for such a team. Experience is one of the deciding factors of a ball club. Every game played, whether won or lost, provides experience for the players. Each game shows improvement in the Eagles. Inexperience will be overcome and our team will win its share of the games. Our boys deserve the backing of the citizens of Canyon. They are out on the field playing their best. They and their coaches need and appreciate all our support. Back the Eagles!

## Radiation Hazards Atomic Bombs is Health Problem

A new service has been established within the Bureau of Sanitary Engineering at the State Department of Health to handle the thousands of radiation hazards an atomic bomb burst would bring. State Health Officer George W. Cox has disclosed.

It will perform six vital functions, all dealing with finding and decontaminating dangerous radioactive areas. Dr. Cox said. He listed some functions as:

1. Pre-disaster training program. Men and women will have to be trained in the use and interpretation of radioactivity detection instruments. Of course the training program will have to be started immediately, so they will be ready to handle their jobs if and when an atomic bomb is dropped anywhere in Texas.
2. Detection device distribution. Those men and women will naturally need instruments to detect radioactivity and to protect themselves. Getting such items as Geiger counters, ionization chambers, pocket chambers, and film badges—all radioactivity detection instruments—will be the job.
3. Monitoring crews, rescue workers, doctors, and nurses will have to have protective clothing such as hoods, gloves, respirators, and coveralls before they can safely go into contaminated areas. Clothing for this work must be secured.
4. Field monitoring. Teams of radiation experts will locate areas of residual radioactivity. Geiger counters and the other detection devices can seek out the odorless, tasteless, and colorless radioactive particles that can burn and destroy

## V. L. Taylor & Co. Gains Prominence

The proper wiring of a building at the time of construction is the only way to assure satisfactory use of electrical machinery and appliances. V. L. Taylor & Company at 2200 West 6th in Amarillo is a firm that has at its command the very latest ideas and submits only the newest and most complete wiring plans. Consistent boosters have been the reward of the firm at the completion of each wiring job. Numerous reliable merchants in this community who have used the services of V. L. Taylor & Company report increased crowds at their display windows and more attractive and better lighted interiors. In the installation they pay particular attention to the convenience and efficiency of outlets, connections and the proper location of fixtures.

It has become a practice among the industries and business houses of the Panhandle to look to Messrs. V. L. Taylor, Paul Cook, and D. O. McCracken, the owners and managers, for advice and their experience and technical knowledge of the business enables them to render a service that is superior in the electrical field. In addition to the electrical wiring of both residential and electrical appliances, air-conditioning, all types of cooling and heating systems, large and small electric motors and feature a complete service of radios.

We desire to compliment V. L. Taylor & Company, 2200 W. 6th and it is earnestly hoped that they will continue to serve us in the future as they have in the past.

human tissue and cause changes in body cell structure. Experts will check buildings, streams, medical supplies, food and so forth, that might have been contaminated. Danger zones will be marked so that people can keep out of them.

5. Decontamination. Radioactivity will be destroyed by scrubbing, sand-blasting, burying, and isolating the objects or areas found to be contaminated with the tricky gamma rays, and Alpha and Beta particles. Monitoring squads and rescue workers will have to be cleansed when they come in from the field.

6. Exposure histories. The radioactivity to which emergency workers have been exposed will have to be recorded. This can be told from readings on film badges and pocket chambers. If workers get more than their "maximum allowable lifetime dose" of radioactivity, they will have to be kept from getting any more or it could be fatal to them, Dr. Cox said.

Recent visitors in the T. M. Thurmon home were Mrs. Thurmon's sister and husband, Mr. and Mrs. Raglan Melgren and two children of Chicago, who were enroute to Oceanside, California, to make their home.

Mrs. J. A. Edwards, Jr., and Wanda Jean, Mr. and Mrs. Mitchell Jones visited Mrs. J. E. Watson in Floydada Sunday. Mrs. Edwards and Mrs. Jones are Mrs. Watson's daughters.

Week-end visitors of Miss Lou Ella Patterson were her brother and family, Mr. and Mrs. C. L. Patterson and daughter Cornelia, and her uncle Mr. Neal Dickerson of Goldthwaite.

Mr. and Mrs. I. C. Unsell of Groom visited in the homes of their daughters, Mr. and Mrs. Jack Downing and Mr. and Mrs. Marshall Rockwell, Jr., over the week-end.

Mr. and Mrs. J. H. Rose of Los Angeles, California, left Tuesday for their home on a visit in the home of Mrs. W. G. Rose.

Ferrier takes Canadian open golf with 271; Kroll runner-up.

## Garland's Trim Shop Wins Approval of Car Owners

A most complete service is offered by Garland's Trim Shop, now located at 1701 West 6th (just west of the underpass) in Amarillo. Garland's carry an immense line of seat cover materials, wool fiber, cotton and the latest plastics in various colors and designs. This shop is modernly equipped and they give your auto seat that "New Look." In addition they do automobile upholstery, head linings and weather stripping.

Garland's Trim Shop features LUMITE, a woven saran fabric for seat covers. It is amazingly tougher scuff proof, can't rot or mildew. Lumite stays fresh, and neither food, grease, dirt, nor gum can harm it. It is easily cleaned with soap and water or cleaning fluid. This seat cover material stays trim, and always keeps a glove-snug fit, won't sag, wrinkle or "cup." Lumite is comfortable because it breathes and lets air circulate freely. It is the ultimate in seating comfort.

Garland's Trim Shop are always glad to furnish estimates on seat covers, upholstery or Fiberglas convertible tops. Their workmanship is the highest quality and their prices are most reasonable and because of these policies they have enjoyed a sensational growth since opening their new shop at 1701 West 6th in Amarillo. Garland Stutzman, the managing-owner, really goes out of his way to satisfy his customers and much of the business that he enjoys comes to him on the recommendation of those that he has served.

# Walter Rogers Is Criticized by the State Auditor For Charges Made to State Board of Plumbing Is Report

The following dispatch from Austin was published in the Saturday issue of the Fort Worth Star-Telegram:

BY CAM KINCH  
Austin Staff Correspondent

AUSTIN, Sept. 29.—A highly critical auditor's report on the Texas State Board of Plumbing Examiners showed Friday that Walter E. Rogers of Pampa, Democratic nominee for Congress in the 18th District drew \$3,200 in per diem fees and \$2,195 in expense money last year.

Rogers also drew \$1,500 during the first six months of this year on the basis of \$50 per day when on board business—and \$536 in expense money.

Rogers was named by the board soon after its organization in 1947 to help the administrator, C. E. Belk. He drew \$200 in the three and a half months of 1947 operations and \$1,200 in 1948.

At his stated per diem rate, Rogers worked 64 days in 1949 and had expense accounts averaging something over \$33 per day.

State Auditor C. H. Cavness was critical of the board's spending policies, which are not subject to state budget supervision.

He also commented that the law authorizing creation of the board provided for license examination fees to be reduced if money on hand at the end of any year exceeds expenses.

**One Fee Decrease**  
The board has accumulated \$217,780 during its three years of operation but has made only one decrease in fees. Master plumber license examination fees are now \$40 instead of \$50, and other fees show a corresponding decrease.

Rogers' employment was authorized by the original board, which was composed of R. G. Hughes of Pampa, chairman; J. O. Odom, Austin, vice chairman; H. A. Watson, Dallas, secretary, and Frank White, Sweetwater, O. R. Walker, Lubbock and Allan C. Love, La Feria.

His job first was consultant to Belk, but soon was changed to assistant to the administrator "for making investigations and conducting hearings and taking of testimony therein."

His rate of pay runs higher than Belk's who draws \$7,875 per year.

Rogers was not the only employee with large expense accounts. Belk showed \$1,881 for 1949 travel expense. Field Representative Charles S. Strawn drew \$1,859 in that year, and Fred Wells drew \$1,196.

Board members themselves picked up \$4,060 in travel expense in 1948 and \$3,503 in 1949. Their per diem allowances totaled \$2,300 in 1948 and \$1,900 in 1949.

**Bought Four Autos**  
Approval of expense accounts drew most of Cavness' criticism, although he pointed out the board bought four automobiles at \$1,800 each, when the state purchasing office was getting cars for an average of \$1,200 each.

It was in reimbursements for expenses of board members and employees that he found most fault.

One meeting of the Associated Plumbing Contractors in convention at Houston for four days, was attended by several board members and wives of some of them.

Their expense account totaled \$1,347. This included some rooms at \$14-a-day rates, Cavness said, and one dinner check for 17 people at \$137.70.

"Other" expenses grouped together included, Cavness said, several dollars in tips, a small doctor bill, \$13.90 for "two-fifths" and other items that would not have been reimbursed if the Legislature had appropriated the board.

Cavness also was critical of the fact the board buys gasoline on credit cards from a company which sells gasoline two and a half cents a gallon higher than the state purchase contract.

Employees get eight cents per mile for use of their own cars, whereas other state employees get six.

Cavness found some expense vouchers were not signed, none were sworn to and some weren't on state forms.

Walter E. Rogers, Pampa attorney and Democratic nominee for Congress from the 18th District, said Friday he has done much more work for the State Board of Plumbing Examiners than he actually has been paid for doing.

Rogers said he had been employed to help Administrator C. E. Belk and had been doing "a lot of research work."

"I cost myself money," he said.

## The Panhandle Insulation Co. Is Tops in Its Field

Each year home owners as well as business concerns are learning of the added comfort, both summer and winter, as well as the economy to be had in insulating their buildings.

The Panhandle Insulation Company with offices at 3816 Line in Amarillo has been responsible for many of the insulation installations in this area. The materials they use, Owens-Corning FIBERGLAS, has not only passed every laboratory test but has been installed in hundreds of buildings in the Panhandle. It is resistant to fire, mice, termites, roaches and prevents sweating of walls. It makes the structure warmer in the winter and cooler in summer and reduces fuel costs so that it really pays for itself in from 3 to 5 years. FIBERGLAS INSULATION is backed by an iron-clad guarantee bond for the life of the structure, and may be financed with 10% down and 30 months to pay under P. H. A. financing plan.

We suggest to our readers that they consult with Mr. G. J. Johnson, manager of the Panhandle Insulation Company, and get complete information and estimates of FIBERGLAS. You will find him an authority on insulation problems and he will refer you to many satisfied customers of his, right in our own vicinity, who are loud in their praise of the good insulation service that he has rendered them.

We congratulate Mr. Johnson and his Panhandle Insulation Company for the good service they have rendered our community and hope that they will continue to serve this area in the future.

"I have had to be out of my office while working on board business. I worked twice as much as I was paid for. It has been a burden on me, it really has. When I go down there I have office expenses of \$30 to \$35 a day here that continue."

"I have charged them only for the days I actually worked, not always including time spent in travel."

"It (the plumbing inspection law) has been a doggone good law and has saved lots of GI money and lots of these people with FHA homes."

## Umbarger News

Mr. and Mrs. Frank Grabber and family spent Sunday in the home of Mr. and Mrs. Clarence Bertrand.

Mr. and Mrs. Matt Albracht and family went on a business trip to Ruidosa, New Mexico.

Mr. and Mrs. John Vorwald and family visited in the Vincent Friemel home.

Mrs. Larry Loerwald and children spent Sunday with Adeline Lorewald.

Mr. and Mrs. Joe Wieck and family spent Sunday in the Norbert Skypala home.

Mr. and Mrs. Leo Artho and son spent Sunday in the home of Mr. and Mrs. Conrad Westhoff.

Mr. and Mrs. Earnest Wayland and family visited in the Bill Tucker home.

Mr. and Mrs. Ray Gerber and family, Mr. and Mrs. Matt Gerber visited in the Skarke home.

Mr. and Mrs. Charles Friemel, Mr. and Mrs. E. J. Friemel visited with Ted Friemel of Groom.

Exchanging visitors were Margaret Frische with Ottilia Fischbacher, Helen Raef with Margaret Friemel, Betty Friemel with Sylvia Raef, Linda Vorwald with Evelyn Hoffman, Melvin Vorwald with Larry Wieck, Deanna Stocker with Bernice Klein.

## SUCCESSFUL MEETING OPENS WOMAN'S BOOK CLUB YEAR

The Woman's Book Club opened its year of activities with a meeting on September 27 in the Club Room of the Panhandle Plains Museum. Mrs. Evetts Haley, president, presented her husband, the speaker of the afternoon, who spoke on "Some Impressions of Europe." Mrs. Haley showed the piece of Wedgewood Pottery that they had purchased at the factory and some leather goods from Morocco.

The meeting was followed by a reception in the home of Mrs. James P. Cornette, who with Mrs. Evetts Haley and Mrs. C. A. Murray greeted the guests. A yellow and white color scheme was carried out in flower decorations of yellow dahlias and white cosmos. Mrs. J. A. Hill presided at the silver service.

Members and guests present were Mesdames Lee Foster, Tom C. Gooch, Walter Graham, J. O. Gorch, J. Harold Dunn, Jack SoRelle, Iverson Leake, F. A. Pierce, Ted Reid, J. S. Humphreys, J. Madison Daugherty, Roy L. Johnson, Jay Prichard, A. B. Holt, Burney Slack, D. A. Shirley, Clyde McElroy, I. N. McIntire, George C. Hill, H. E. Campfield, L. A. Donnell, Nancy McCasland, A. A. Clark, E. D. Harrell, A. H. Prichard, Lon Fanning, J. J. Walker, Alfred Bellah, Robert Bellah, Joseph Findley, Jessie Parker, George Nance, T. Winston Wilbanks, Newton Harrell, J. M. White, C. R. Burrow, S. L. Ingham, Robert Jarrett, Lee Johnson, H. A. Brown, Ray Campbell, W. C. Black, C. L. Thompson, C. R. Nester, Sherwood Bladell, E. R. Reeves, K. L. Britt, A. W. Sternberg, Cliff Milnar, C. ## It Is Later THAN YOU THINK!

Time runs out on the fellow who takes his insurance for granted. A disastrous fire will likely catch up with him when his insurance is too low to cover his losses.

Yes, and the fellow who fails to carry enough automobile insurance is like-wise running the risk of a wreck which might cost him dearly.

Let Us Check Your Insurance

## Hosea Foster, Agent

Complete Insurance Coverage

Phone 76

fire prevention film is shown at the movies. You can turn the radio to another station when a fire prevention week speaker comes on. Do that, and you'll run a good chance of having a destructive fire—with the ever present possibility of death and injury—some time in the future.

On the other hand, you can take the week seriously—and give your full attention to the suggestions and advice offered you. Then you can apply the expert knowledge thus gained to your home and other property. As a rule, fire prevention is both easy and inexpensive. It consists largely of such common sense practices as periodically inspecting heating and lighting equipment, ridding buildings of accumulations of junk, providing proper storage for paint, cleaners and other flammables, and giving due care to matches and smoking materials. The basic purpose of the week is to refresh your mind on such matters, and to encourage you to get the job done as soon as possible.

Do this, and the chance of your having a fire will diminish. Fire Prevention Week is designed to help you put your house in order. How about it?

## Where Is Daily Favorable to the President of USA?

Where will you find a single daily newspaper in these United States which is favorable to the President?

Ben Ezzell of the Canadian Record raised this question. He had a reader who wanted to subscribe to such a newspaper, if one was to be found.

During the campaign of 1948, practically all newspapers, both daily and weekly, were opposed to the President. He won in spite of this opposition.

When it comes to politics, newspapers do not exert as much influence as they did in the good old days of years ago.

U. S. military planners wonder whether taxpayers will always be willing to put up the money with which to build military forces to defend Germany, thus assuring the Germans of defense at no particular cost to themselves in money or effort.

## Smaller Ballots For November Election Rules

The general election ballots will not be the bed sheet variety as has plagued the voters of Texas for many past years.

There will be just four columns printed on the ballots—Democratic Party, Republican Party, Independent Candidates and Write-in.

There will be a full list of Democratic candidates.

The Republicans have nominated candidates for all state offices, except Commissioners of Agriculture. Congressman Ben Guill is the only Republican candidate for district office, and the Republicans have no candidates for county offices.

The only Independent candidate printed on the ballot will be W. T. McGregor, who is a candidate for County Surveyor. Mr. McGregor is serving in this office, having been appointed by the Commissioners Court after the July primary, and too late for him to get a place on the ballot of the August election. Randall county has not had a County Surveyor since the death of G. G. Foster. The court could have appointed him for the coming term, but it was thought better to have him elected to the job.

So far as known, there will be no write-ins in Randall county this election; however, the space is there if anyone wants to use it.

Absentee voting starts on October 18, and may continue until November 3. Those wishing to vote in Randall county may go to the office of County Clerk T. H. Lair on or after Oct. 18; but if they are eligible to vote and are away from home, they may make application for a ballot to be mailed to them after that date.

The News will print the ballots for Randall county and have them in the hands of Mr. Lair for absentee voting by that time.

## STATEMENT OF THE OWNERSHIP, MANAGEMENT, CIRCULATION, ETC., REQUIRED BY THE ACT OF CONGRESS OF AUGUST 24, 1912 AND MARCH 3, 1933.

Of The Canyon News, published at Canyon, Texas, County of Randall:

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared Clyde W. Warwick, who having been duly sworn according to law, deposes and says that he is the publisher of The Canyon News, and that the following is, to the best of his knowledge and belief, a true statement, etc., of the aforesaid publication for the date shown in the above caption required by the Act of Congress of August 24, 1912, embodied in section 411, Postal Laws and Regulations printed on the reverse of this form, to-wit:

That the names and addresses of the publisher, editor, managing editor and business manager are: Publisher, Editor, Managing Editor, Business Manager, Clyde W. Warwick, Canyon, Texas.

That the owners are: Clyde W. Warwick and Arthur C. Haley, Jr., Canyon, Texas.

That the known bondholders, mortgages, and other security holders owning or holding 1 per cent or more of total amount of bonds, mortgages, or other securities, are: NONE.

That the average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months, preceding the date shown above is 1800.

CLYDE W. WARWICK.

Sworn and subscribed before me this 30th day of September, 1950.

(Seal) VERGIE R. HAINES.

Notary Public.

(My commission expires June 30, 1951.)

Justice William O. Douglas had the Department of State in a dither over his activities while mountain climbing in Iran. The Supreme Court Justice is reported to have made what some in the Department regard as "inflammatory statements" to Kurdish tribesmen of Northern Iran by talking loudly about need for land reform, and evils of absentee landlordism. The Iranian Government has just had to put down an armed revolt among tribesmen in the area.

Averell Harriman, Special Assistant to the President, former Ambassador to Russia and Britain, former Marshall Plan Administrator in Europe, seems farther than ever from the Secretaryship of State as a result of recent shifts. Dean Acheson, present Secretary, is more inclined to stay on the job now that Louis Johnson no longer is Secretary of Defense.

Gen. George C. Marshall, new Defense Secretary, has expressed the opinion in the past that the Air Force is the least mobile of U. S. military services, because of the difficulty of building and servicing its bases. General Marshall also is credited with having said in World War II that no Marines would land in Europe so long as he had anything to do with it, and none did.

Prayer is conversation with God. —Clement of Alexander.

None can pray well but he that lives well. —Thomas Fuller.

## Democrats Blast the Candidacy of Ben Guill at Meeting

A Democratic meeting was held in Clarendon Thursday night, headed by members of the Democratic party machine in the Panhandle. There was a constant blast of the candidacy of Congressman Ben Guill with predictions that he would be defeated three to one.

The Democratic administration in Washington was highly praised, and all good Democrats were called upon to support Walter Rogers.

Things that were overlooked entirely in the praise of the White House was the tideland oil steal, which will cost the people of Texas millions of dollars in additional taxes; the fact that the White House refuses to recognize the obligations of the federal government in its treaty admitting Texas to the union; the fact that the President is trying to push through Congress his so-called social reform program, including the infamous FPIC; socialized medicine and the rest of the program that appeals to Negro voters in the North; in spite of the fact that Democratic Nominee Walter Rogers fought the White House on all of these points and proclaims himself an anti-administration man; in spite of the fact that Ben Guill is only a Republican because the radicals took over the Democratic party; in spite of the fact that Guill holds a place on the powerful Agricultural Committee, which anti-administration Rogers could never achieve.

The biggest joke came in the high praise of the Democrats down in Clarendon highly praising Wilson, Roosevelt and Truman, all of whom have advocated the defeat of the Democratic nominee when the Republican candidate was more acceptable than the Democratic nominee.

Vote as you please in November, regardless of what the Democratic big-wigs say!

John J. McCloy, U. S. High Commissioner for Germany, is the man General Marshall wanted most for the No. 2 defense job. Mr. McCloy is likely to have first call on the Defense Secretaryship if General Marshall steps out later.

Hints that Gen. Douglas MacArthur may want to retire after the Korean war is ended are coming from sources close to the Administration.

Help Keep Canyon Clean!

## Watchmakers Guild Offers Scholarship to Worthy Student

The Watchmakers Guild of the North Plains is offering a \$500 scholarship for any deserving young person who wishes to take a course in watchmaking at the Houston Technical College.

The award will be made in May, 1951, and is open to any person, regardless of race, creed, color, age or sex.

The Houston institution is the only one in Texas which is offering courses acceptable to the Guild in the art of Watchmaking.

Application must be made before April 1, 1951 to any officer or director of the guild.

C. B. Chandler of Canyon is a member of the Guild.

**BOYCE HOUSE Gives You Texas**  
Forty years is a long time to work in one place but that is the record of my friend, W. T. Tyler, president of the First State Bank of Rising Star. The Record says that when Mr. Tyler became connected with the bank, he and the late William Koonce, cashier and manager, were the entire force.

Mr. Tyler recalls that he worked the first month for nothing and then he was started off with the princely salary of \$25 per month, says the record. Among his duties were carrying in great bucketsful of coal for the fire, sweeping out of mornings, cleaning the clinkers out of the stove and carrying drinking water from a cistern. Life was simple in those days and living costs were low. Good board and room were had for \$12.50 per month, leaving him an equal amount to spend on himself or maybe a girl friend.

Friends here recall that Will started his career in this vicinity as a young country school teacher, teaching at Macedonia, Union Grove (then known as Ignorant Hollow) and finally a job in the Rising Star School where he was employed when he was tempted to enter upon a career of banking. The bank at that time was owned by the Continental National Bank of Fort Worth with a few local minority stockholders.

The officials of the Fort Worth bank were evidently pleased with Mr. Tyler's work, for within a few years, when Mr. Koonce resigned to take over the management of the Higginbotham store, he was elected to the place of cashier and manager which place he held until some years ago when he bought the majority stock in the bank from the parent bank in Fort Worth and became president of the institution. Bill states that if he had his life to live over he would still prefer to be a "Country Banker." He laughingly tells of being offered a place as a state bank examiner and fell for it. He held the job just three weeks until he handed in his resignation and headed back to Rising Star and his old job.

In recent years he has been quite successful as an oil operator in West Texas, owning and operating a number of wells in partnership with D. Breeding, former local operator, but outside of an occasional trip to West Texas to look the situation over, he stays with the bank. A few years ago he and Breeding purchased a one-section stock farm in the Okra community, which he has developed into a model project of its kind and is giving it a lot of his time and attention.

On the farm he has placed the latest improvements, best fencing and latest cultural methods. He also has a number of cattle, some

## Allan Shivers Proclaims Week of Newspapers

The observance of National Newspaper Week during October 1 to 8 focuses public attention on one of the outstanding services to mankind. This service manifests itself in exercising one of the freedoms so characteristic of our nation—freedom of press.

The slogan for the week "Freedom Goes Where the Newspaper Goes" is indeed timely.

All classes, sects, races, and creeds are served by this group of people, who are stationed throughout the world affairs. These newspapers keep our nation well-informed on state, national and world events, in a world where many are deprived of the opportunity to read objective reports.

THEREFORE, I as Governor of the State of Texas, do hereby request the observance of National Newspaper Week and Texas Newspaper Week October 1 to 8, inclusive, and I urge that in this way emphasis be placed on the great significance of the newspapers in our daily lives.

In official recognition whereof, I hereby affix my signature this 13th day of September, 1950.

(Sig.) ALLAN SHIVERS, Governor of Texas.

hogs, goats, etc., and also goes in for peanut growing. He is a firm believer in old Mother Earth and thinks farm land in this section is a good investment and has put quite a little money into it. In banking he goes on character about as much as collateral and says that it is not often that he sizes a man up wrong and that his percentage of bad loans is low.

Russia takes European track title by winning 400 relay.

## Dietitian Advocates Broiling in Electric Range, Best Results

By Miss Fern Brannen  
Home Service Adviser  
Southwestern Public Service Co.

For quick, easy and oh so tempting meals try a broiler combination in your electric oven.

In the electric oven, broiling approximates charcoal broiling over glowing coals. It's the delicious flavor of electrically broiled foods that makes them a mealtime sensation. Many dietitians praise electric broiling for its healthfulness.

The broiler unit in the electric range is in the top of the oven, so that the meat is always in a convenient position for turning or adding sauce. The broiler pan and rack, that is provided with each electric range is so designed that it protects fat drippings from the direct heat, thus eliminating smoke. The broiler pan rests on a sliding oven shelf, adjustable at different positions in relation to the heating unit. The counter balanced oven door has a stop which holds the door ajar during the broiling period. This permits the broiler to maintain correct broil-

ing temperature.

Meat for broiling should be tender, but it need not be the most expensive cuts. The glowing direct heat of your electric broiler gives that delicious grilled flavor to chopped beef or lamb, fish fillets, sausage, frankfurters, bacon sliced or ground left-over meat. Other popular cuts of meat for broiling are been tenderloins or steaks, sliced ham, calves' liver and chicken. Steaks may be cut from 1" to 2" thick, Lamb Chops, too, may be cut this thick, although 3-4" thick can be broiled successfully. A chop which is cut too thin will be done clear through before the exterior is sufficiently browned causing an undesirable drying out.

You can double the capacity of your broiler by filling the rack with meat, and arranging left-over or canned vegetables in the pan beneath. Vegetables will be piping hot and seasoned with the meat drippings when the meat is done.

To add glamour to broiler meals try garnishing them with broiled fruits, such as bananas, raw apple rings, orange or grapefruit halves or sections, and canned pineapple, peaches, pears or plums.

Remember electric cooking is flameless—clean as sunshine—to add more enjoyment to the fast and simple job of meal preparation with a modern electric range.

## Food Index Tumbles According to Chart Government Experts

Food prices have taken a tumble, according to government experts, during the past 10 days. This was largely due to the fact that the Korean situation has greatly improved.

No matter if the government is calling more and more men to the armed forces, the big traders seem to think that food will decline because of the threat of war being diverted.

"I EXPECT HIM PROPOSE A NOW..."

Here's great news for you if you've been bothered by excessive fatigue, constipation, weakness and 'nerves' due to the fact that you do not get enough B-Vitamins in your diet.
